Together with the race bib, the wristband entitles access to all services available for participants: start area, aid stations, transport for dropouts, medical services... etc.

Not wearing the wristband during the event entails disqualification.

Race bibs and gift bags will be collected on the date and time announced at the event's program published on the official website www.ultrapirineu.com.

It won't be possible to collect the race bib on the day of the event before the start.

- **Name of participant:** race bibs may display the name of the participant.
- **Elevation profile:** the elevation profile of the course will be printed inverted at the bottom of each race bib, so the runner may easily check it.
- **On the back of the race bib:** The protocol in case of emergency will be printed on the back of the race bib, including the emergency telephone numbers. There will be a blank space where the runner may write information relevant for the medical personnel in case of emergency or loss of conscience. This information may be the RH blood type, or any relevant medical condition suffered by the participant such as allergies, AIDS, epilepsy, diabetes, celiac disease, etc.

Article 4. CERTIFICATE OF PHYSICAL FITNESS

The act of registering for the La Molina Nit Pirineu KV® 2021 entails the acceptance of its regulations by all participants. The participant also declares that he/she is physically and psychologically prepared to perform an activity of the characteristics of the La Molina Nit Pirineu KV® 2021 and that he/she has passed the medical tests relevant to his/her age and physical conditions.

Registered participants understand that they participate in the event voluntarily and under their own responsibility. Thus, they exempt the Organizer from any liability and will not press any charges or file any liability claims against the Organizer, its collaborators, sponsors or other participants.

To this end, when collecting their race bib, participants must submit the document ***“Disclaimer and certificate of physical fitness”*** duly printed and signed. This document will be read and accepted during the registration process, and each participant must print it, fill in and sign it.

A printable version of the document can be downloaded from the official website www.ultrapirineu.com.

If the ***“Disclaimer and certificate of physical fitness”*** document is not printed and signed when the race-bibs are handed out, the runner who owns the race-bib must sign it "on the spot" when the race-bibs are handed out.

In the case of minors, the "declaration of physical fitness and discharge of responsibility" must be signed by the parents or guardians.

Article 5. REQUIRED AND RECOMMENDED TECHNICAL GEAR

Using the appropriate gear is essential to enjoy trainings and mountain endurance runs with maximal safety. When planning their gear, sky runners must consider all potential events that may happen unexpectedly in mountains, such as hypothermia due to slowing or stopping pace, overexertion, bad weather, fog, wind, low temperatures... etc.

There is a dedicated section on required technical gear in the official web of **Salomon Ultra Pirineu® 2021** exclusively aimed at explaining why some items are required and others recommended, as well as to clarify doubts about them.

To run the race, all runners without exception must carry the items labeled as required from the list at the “required technical gear” section on the web www.ultrapirineu.com. On Friday, October 1st, the Organization will inform if some of these items are finally NOT mandatory during a particular schedule

and/or during the entire race. The decision will be taken according to the most recent weather forecast.

Runners must either wear or carry the required material in their backpack.

There will be general or random inspections of required clothing and equipment at any point throughout the course, from start to finish (both included). Not carrying a required item entails immediate disqualification.

Article 6. CHECKPOINTS AND AID STATIONS

- Participants must follow the marked course without disobeying any signs and must stop at all checkpoints.

Article 7. CLOACKROOM SERVICE AND PARKING

Participants may leave their car free of charge at La Molina cable car parking lot, located just beside the race start area.

A cloakroom service will be available at the race bib collection area. Participants may leave their gear inside a bag or backpack not bigger than 20L. The Organizer will transport the bags to Niu de l'Àliga for runners to pick them up upon finishing the race.

The Organizer will not check the contents of the bags or whether they are properly closed. Therefore, the Organizer will not respond to any complaints about damage of bags or their contents, or for any loss of contents. It is recommended to not leave valuables or fragile items in the bags. Runners should ensure the bag remains closed at all times by reinforcing its closing (for example with a string or bridle).
