# SALOMON ULTRA PIRINEU 100k® 2021

The Salomon Ultra Pirineu 100k® 2021 is an ultra endurance race with 100 Km mountain run with 6.600m positive gain, organized by Pangea Attitude SL and the Sports Association "Mountain Runners del Berguedà".

The Salomon Ultra Pirineu 100k® 2021 will be part of the Spartan Trail World Championship in "Trail Ultra Championship" distance.

The event will take place on 2<sup>nd</sup> and 3<sup>rd</sup> of October 2020, with departure and arrival at Bagà (Barcelona), and most of its course running through the Natural Park of Cadí Moixeró, in the Pyrenees.

The Salomon Ultra Pirineu 100k® 2021 awards 5 qualifying points for Ultra-Trail du Mont-Blanc® (according to the new scoring System).

## Article 0. COVID-19

Due to the health alert that we are suffering the organization may modify some of the items and services described in these regulations, including the date and program of the event to adapt it to the current situation and the recommendations of the competent authorities.

## Article 1. REQUIREMENTS

Participants must meet the following requirements to take part in the event:

- To be of legal age on the day of the event.
- To demonstrate that between 01/01/2018 and the day of the registration, the runner has participated in at least 1 mountain trail race completing at least 40km, even if the runner was not a finisher.  
Or, having participated and completed 40km in one of the previous editions of Salomon Ultra Pirineu® (years 2015, 2016, 2017, 2018 or 2019).
- Only races that have already taken place will be accepted for registration.
- Understand and accept these rules and regulations.
- Participants must be fully aware of the nature of the event Salomon Ultra Pirineu 100k® 2021. They must have the knowledge, expertise, equipment, and mental and physical preparation necessary to face and overcome possible problems related to ultra-endurance running, altitude, geography and the natural environment in which the event takes place. Potential problems associated with this type of events are: fatigue, digestive problems, muscular and joint problems, contusions, minor injuries, cold temperatures, rain, snow, fog, heat... etc.
- To perform all registration steps correctly.
- To print, fill in and sign the document "Disclaimer and certificate of physical fitness", and to present it at the race-bib collection point in Bagà. This document can be downloaded from the web [www.ultrapirineu.com](http://www.ultrapirineu.com). In this document, the participants registered for the Salomon Ultra Pirineu 100k® 2021 declare, among other things, that they take part in the event of their own free will and under their responsibility, and that they meet the necessary physical and health requirements to participate in an event of the characteristics of the Salomon Ultra Pirineu 100k® 2021.
- The Organizer reserves the right to exclude from the Salomon Ultra Pirineu 100k® 2021 (even before its start) those participants whose conduct obstructs the management and/or the smooth development of the event. Likewise, the Organizer reserves the right to admit participants who do not comply with some of the requirements under exceptional circumstances.
- Those participants who don't have a sports insurance that covers mountain accidents are required to process insurance, which will be limited to the two days of the race and will be processed by the Organization, with an extra cost for the participant of €10.  
**IMPORTANT:** Participants who indicate in the registration that they have a sports insurance managed by one of the federations or private companies indicated in the

registration form must first make sure that they include the mountain races activity at Catalonia, and that the insured capital covers at least the minimum benefits indicated in " Real Decreto 849/1993, de 4 de junio ", indicated below:

- Death by accident: 6.000€
- Permanent disability: 12.000€
- Healthcare: UNLIMITED (including transportation costs by medicalized or terrestrial helicopter).

For more details, check [here](#)

## **Article 2. ENROLMENT AND CANCELLATIONS**

### **(2.1) LIMITED ADMISSION**

The Salomon Ultra Pirineu 100k® 2021 has a maximum number of 1000 race slots fee of **114€ + VAT**.

This 2021, and exceptionally due to the Covid-19, there will be NO pre-registration and subsequent draw, but the participants will be the same as those who were chosen in the previous draw and chose to keep their bib for 2021.

A waiting list will be set up to cover the possible absence of these participants.

#### **The registration fee includes:**

- Technical shirt commemorative SALOMON for all the registered in the Salomon Ultra Pirineu 100k® 2021.
- Participation in the Salomon Ultra Pirineu 100k® 2021.
- Participation in the Spartan Trail World Championship® 2021.
- Gift bag.
- Medical services and ambulance.
- Civil liability insurance.
- Official timekeeping and live following by Livetrail.
- Solid and liquid aid stations during the race and finishing point.
- Finisher medal exclusive Salomon Ultra Pirineu 100k® 2021.
- Trophies and cash prizes for the first five (male/women) overall ranking (Total: \$13800)
- Trophies for the first three in each age category.
- Cloackroom service.
- Drop bag service.
- Physiotherapist service
- Shower service.

The Organizer reserves the right to increase or reduce the number of available slots for safety reasons or for any other cause that might affect the proper development of the event.

### **(2.2) WAITING LIST**

- The waiting list will be in order of registration.
- Any time a running slot becomes free, the Organizers will contact by email the person in the first position of the waiting list to offer him/her the opportunity to proceed with the registration.
- **Once the first candidate on the waiting list enters the registered participants list, the second candidate on the waiting list occupies the first position, therefore becoming the next person to be contacted in case of vacancy.**
- If a candidate in waiting list refuses the opportunity to register or does not answer the email from the Organizer within 72 hours and he/she will miss the slot.

- To ensure the correct reception of emails from [registration@ultrapirineu.com](mailto:registration@ultrapirineu.com) (registration) and [info@ultrapirineu.com](mailto:info@ultrapirineu.com) (news and information), the candidate must:
  - Ensure that the email address entered during the pre-registration process is correct, with no errors in punctuation, capital letters, hyphens...etc.
  - Check frequently the inbox of the email address provided.
  - Add [registration@ultrapirineu.com](mailto:registration@ultrapirineu.com) and [info@ultrapirineu.com](mailto:info@ultrapirineu.com) to the contacts list of the email server to prevent blocking or elimination of emails by anti-spam services.

### **(2.3) CHANGE OF DISTANCE**

An inscribed runner can make a change of distance by sending an email to [registration@ultrapirineu.com](mailto:registration@ultrapirineu.com), provided there are places available for the distance that he wants to participate and that he does so before August 31.

To process the change of distance, the total amount of the inscription will be returned, minus €10 for bank and administration fees.

### **(2.4) CANCELLATIONS AND REFUND POLICY**

**All runners will be able to cancel their registration for justified reasons with the right to a 100% refund (minus 8€ for bank and administration fees) of the registration fee until the 15th of May.**

As of May 16th, the % of the registration fee to be refunded will be reduced according to the table below.

**On August 31st** (date on which the registration lists will be definitively closed) **no refunds will be made.**

It will be considered a justified cause, all those medical causes (or similar seriousness) that make it impossible for the participant to attend the race.

To unsubscribe you must send an email to [registration@ultrapirineu.com](mailto:registration@ultrapirineu.com) requesting the cancellation, attaching a signed medical certificate confirming the contraindication to participate, or (if the cause is not medical) the official / legal documentation that corresponds to the alleged cause.

**Supplement (30€): The participants who wish, will be able to opt for a supplement of 30€ (only during the registration), to have a 100% refund of the registration fee, in case of cancellation until August 31st.**

Year 2021	% OF FEE REFUND	
	WITHOUT SUPPLEMENT	WITH SUPPLEMENT (30€)*
April	100% (-8€)	100%
From May 1 to May 15	100% (-8€)	100%
From May 16 to May 30	50%	100%
June	40%	100%
July	30%	100%
August	20%	100%
From 31 <sup>th</sup> August	Cancellation not allowed	Cancellation not allowed

**IMPORTANT: CANCELLATIONS WILL BE ALWAYS SUBSTITUTED BY THE PERSON ON TOP OF THE WAITING LIST. RACE BIB TRANSFERS ARE NOT ALLOWED UNDER ANY CIRCUMSTANCES.**

Fee refunds will be made to the same credit card used to pay the registration fee.

## **Article 3. RACE BIB, GIFT BAG AND WRISTBAND**

### **(3.1) COLLECTION OF RACE BIB, CHIP AND WRISTBAND**

Each participant must wear the race bib on the front of the body, on top of the clothing, and it must be clearly visible at all times.

**Race bibs are personal and non-transferable.** By default, race bibs (and gift bags) will only be given to participants who have registered for the event. Participants must show an IDENTITY CARD, PASSPORT or NIE (Foreign Identification Number) to prove their identity in order to collect their race bib. The identity document must be the same used for registration.

### **RACE BIB TRANSFERS ARE NOT ALLOWED UNDER ANY CIRCUMSTANCES.**

After the identity check, the personnel handing out the race bib will put a control wristband on the wrist of the participant. The participant must wear this wristband during the entire event. Together with the race bib, the wristband entitles access to all services available for participants: start area, aid stations, transport for dropouts, medical services, drop bag transport and collection... etc.

**Not wearing the wristband during the event entails disqualification.**

**Race bibs and gift bags will be collected on the date and time announced at the event's program published on the official website [www.ultrapirineu.com](http://www.ultrapirineu.com).**

**It won't be possible to collect the race bib on the day of the event before the start.**

### **RACE BIB COLLECTION BY A PROXY**

If the race bib owner cannot personally collect the race bib on the date and time provided in the program published on the official web of the event, he/she may authorize a different person to collect it on his/her behalf. This person (the proxy) must provide the following documentation in order to collect the race bib:

- Original signed document "Authorization for race bib collection by a third person". By this document the race bib owner authorizes the proxy to collect the race bib on his/her behalf. This document must be downloaded from the web [www.ultrapirineu.com](http://www.ultrapirineu.com), printed and signed by both parties (the race bib owner and the person who will collect the race bib).
- "Disclaimer and certificate of physical fitness" document signed by the race bib owner (original signed document).
- Copy of the race bib owner's identity card, passport or NIE.
- Copy of the race bib owner's mountain federation card (unless he/she purchased the insurance available at pre-registration).
- Original IDENTITY CARD, PASSPORT or NIE of the person who collects the race bib.

**Note:** A special colour wristband will be provided for participants who don't collect their race bibs personally, to facilitate identification by the Organizers. In this case, the participant must carry his/her IDENTITY CARD, PASSPORT or NIE during the event, to prove identity if requested.

### **(3.2) RACE BIB TYPES AND CHARACTERISTICS**

Race bibs provide the following information to runners and Organizers:

- **Race bib number:** each participant will get a race bib number, randomly assigned in all cases except for the first numbers (which correspond to last year ranking).

- **Name of participant:** race bibs may display the name of the participant.
- **Elevation profile:** the elevation profile of the course will be printed inverted at the bottom of each race bib, so the runner may easily check it.
- **The colour of your bib number:** participants will get the bib number colour (more information below).
- **On the back of the race bib:** The protocol in case of emergency will be printed on the back of the race bib, including the emergency telephone numbers. This side of the race bib will also have a blank space where the runner may write information relevant for the medical personnel in case of emergency or loss of conscience. This information may be the RH blood type, or any relevant medical condition suffered by the participant such as allergies, AIDS, epilepsy, diabetes, celiac disease, etc.

### **The colour of your bib number and start groups**

The race start will take place at 5:30h from the Plaça Porxada of Bagà, and **access to start area will close at 5:10h. It will not be possible to access the start area after that time.**

All runners will get an **GREEN RACE BIB** with a **BIB NUMBER (RED OR BLACK)** that will determine the position of the runner in the start groups.

The bib number colour of each runner will be published on the web [www.ultrapirineu.com](http://www.ultrapirineu.com) on September 3<sup>rd</sup>. The bib number colours will be assigned according to the following criteria:

- **Red number bib / First start group (front) / ELITE level + POPULAR-PRO level / between 100 and 150 runners**
  - A maximum of 150 red number bibs will be assigned.
  - Runners having finished SUP18 or SUP19 within the cut off time that will be communicated on September 3<sup>rd</sup>.
  - For runners who have NOT performed the SUP18 or the SUP19, it will be taken into account that their ITRA performance Index is above the cut that the organization will communicate on September 3<sup>rd</sup>.
- **Black number bib / Second start group (back) / POPULAR level / all the rest of runners**

**The bib number colour of each runner will be published on September 3<sup>rd</sup>, and a formal complaint period will be open between September 3<sup>rd</sup> and September 9<sup>th</sup>.**

During the complaint period, runners who consider that the organization has assigned a wrong bib number colour may request a colour change by sending an email to [registration@ultrapirineu.com](mailto:registration@ultrapirineu.com). The email should include the reasons why the runner believes he/she deserves a particular bib number colour and proofs to justify it.

**THE RACE BIBS WILL BE PRINTED FROM SEPTEMBER 10<sup>th</sup>, SO THE BIB NUMBER COLOUR WILL BE DEFINITIVE AFTER THIS DATE. NO REQUESTS OF RACE BIB COLOUR CHANGE WILL BE ADMITTED AFTER SEPTEMBER 11<sup>th</sup>.**

### **Article 4. CERTIFICATE OF PHYSICAL FITNESS**

The act of registering for the Salomon Ultra Pirineu 100K® 2021 entails the acceptance of its regulations by all participants. It also implies that the participant has the adequate preparation and that he/she is aware of the hard geographical and weather conditions one may encounter throughout its course. The participant also declares that he/she is physically and psychologically prepared to perform an activity of the characteristics of the Salomon Ultra Pirineu 100K® 2021 and that he/she has passed the medical tests relevant to his/her age and physical conditions.

Registered participants understand that they participate in the event voluntarily and under their own responsibility. Thus, they exempt the Organizer from any liability and will not press any charges or file any liability claims against the Organizer, its collaborators, sponsors or other participants.

To this end, when collecting their race bib in Bagà, participants must submit the document **“Disclaimer and certificate of physical fitness”** duly printed and signed. This document will be read and accepted during the pre-registration process, and each participant must print it, fill in and sign it.

A printable version of the document can be downloaded from the official website [www.ultrapirineu.com](http://www.ultrapirineu.com).

If the **“Disclaimer and certificate of physical fitness”** document is not printed and signed when the race-bibs are handed out, the runner who owns the race-bib must sign it "on the spot" when the race-bibs are handed out.

## **Article 5. REQUIRED AND RECOMMENDED TECHNICAL GEAR**

Using the appropriate gear is essential to enjoy trainings and mountain endurance runs with maximal safety. When planning their gear, sky runners must consider all potential events that may happen unexpectedly in mountains, such as hypothermia due to slowing or stopping pace, overexertion, bad weather, fog, wind, low temperatures... etc.

There is a dedicated section on required technical gear in the official web of **Salomon Ultra Pirineu® 2021** exclusively aimed at explaining why some items are required and others recommended, as well as to clarify doubts about them.

**To run the race, all runners without exception must carry the items labeled as required from the list at the “required technical gear” section on the web [www.ultrapirineu.com](http://www.ultrapirineu.com). On Friday, October 1<sup>st</sup>, the Organization will inform if some of these items are finally NOT mandatory during a particular schedule and/or during the entire race. The decision will be taken according to the most recent weather forecast.**

Runners must either wear or carry the required material in their backpack.

**There will be general or random inspections of required clothing and equipment at any point throughout the course, from start to finish (both included). Not carrying a required item entails immediate disqualification.**

## **Article 6. CHECKPOINTS, AID STATIONS AND ASSISTANCE**

- Participants must follow the marked course without disobeying any signs and must stop at all checkpoints, located at aid stations.
- Besides the official checkpoints (announced on the web [www.ultrapirineu.com](http://www.ultrapirineu.com)), the Organization may set up “mobile” checkpoints to control pace or gear at any point of the course.
- Participants must respond to the requests and questions posed by a course steward, medical equipment or aid station supervisor at checkpoints or at any other point throughout the race.
- **Tents and sport halls used as aid stations are restricted exclusively to the use of runners. No public or assistance crews may enter the aid stations.**
- Participants may use personal assistance only inside the ASSISTANCE AREAS, located within 50-100 meters around each aid station tent (except Gósol, see below). The limits of the ASSISTANCE AREA will be properly marked along the course, with a sign of start/end of ASSISTANCE AREA clearly limiting where the area starts and finishes.

- The GÓ SOL ASSISTANCE AREA will be located in an area reserved to assistance crews inside the sports hall. Assistance crews may enter this area with the bracelet that will be provided to each runner when collecting their race bib. Assistance crews are not allowed inside the area reserved to runners.
- When collecting the race bib, each runner can request a maximum of 1 bracelet to allow the entry of his/her personal assistance into the ASSISTANCE AREA of GÓ SOL. This person only will be able to access the ASSISTANCE AREA of GÓ SOL once the organization has verified that his runner passed through the previous control (Prat d'Aguiló) and he remain 30 minuts to reach the Gosol control point according to the forecast of the LiveInfo APP. Once the runner leaves the ASSISTANCE AREA of GÓ SOL the assistance will also have to leave immediately.
- The Organization may perform gear checks just before entering an ASSISTANCE AREA.
- Access by car to some aid stations may be blocked for safety reasons or poor state of the roads. The Organizers only guarantee access by car to those aid stations reachable by paved road, which will be duly indicated on the web of the event.
- **The assistance crew authorization does not grant access through closed roads. This authorization only enables its holder to enter into the ASSISTANCE AREA of GÓ SOL.**
- Each aid station has a designated closing or cut-off time. Participants must reach all aid stations before their closing time to be able to continue in the race. The closing times will be published on the website [www.ultrapirineu.com](http://www.ultrapirineu.com).
- Aid stations will be supplied with liquids and solid food, which will vary according to the location on the course. The items available in each aid station may be checked at the web.
- Food and drinks must be ingested at the aid station, in sufficient amount to meet the energy requirements to reach the next aid station. Water can be loaded in the containers or hydration packs carried by the participants.
- Having a race bib and a wristband is required to get access to the aid stations.
- An area with warm food, medical assistance, massages, etc... will be enabled in Bagà for all participants.
- All runners (with the wristband) will have access to the resting area and showers set up, but should bring their own gear (soap, sleeping bag, mat...).

## **Article 7. DROP BAG TRANSPORT AND CLOAKROOM SERVICE**

### **(7.1) DROP BAG TRANSPORT TO GÓ SOL**

A bag will be provided to all participants together with their race bib, so that they can place in it the gear they may need at Gó sol (km61).

**The drop bag must be filled up and delivered to the staff during the race bib collection time or at Bagà's Sports Hall before the start (between 04:30h and 05:10h).**

The bag will be transported by the Organization to the aid station chosen by the runner, and will be available so that runners can pick up the gear they require and deposit what they do not longer need upon arrival at the aid station. After using it, the bag must be closed without anything protruding to be returned to Bagà.

**Important: Runners wishing to drop out of the race should take into account the following timings for drop bag collection without delays:**

- **Drop bags of Gó sol (Sports Hall)**
  - From 13:00h drop bags will be delivered near the finish area in Bagà (Sports Hall).
  - Used bags may not be transported immediately after the runner has used them. Bags will be gradually transported to Bagà according to the capacity of transport

vehicles. Therefore, runners who decide to drop out after Gósol may arrive in Bagà before their bag, so they may need to wait 2-3 hours until the arrival of their bag in the next available transport.

**The Organizer will never check the contents of the bags or whether they are properly closed. Therefore, the Organizer will not respond to any complaints about loss or damage of bags or their contents.**

**It is recommended to not leave valuables or fragile material in the drop bags. Runners should ensure the bag remains closed during transport by reinforcing its closing (for example with a string or bridle).**

#### **(7.2) CLOAKROOM SERVICE IN BAGÀ**

A permanent cloakroom service will be available so that participants may leave there the gear that they wish to have on their arrival in Bagà (such as keys, towel, soap, mat, sleeping bag... etc).

They may leave these items inside a bag or backpack not bigger than 20L.

Participants may leave their cloakroom bag (do not mistake with the dropbag) at Bagà's Sports Hall before the start (between 04:30h and 05:10h).

**The Organizer will not check the contents of the bags or whether they are properly closed. Therefore, the Organizer will not respond to any complaints about damage of bags or their contents, or for any loss of contents. It is recommended to not leave valuables or fragile material in the bags. Runners should ensure the bag remains closed at all times by reinforcing its closing (for example with a string or bridle).**

**LOST AND FORGOTTEN BAGS:** Both the drop bag and the cloakroom bag must be claimed by the runner no later than 17:00h on October 3<sup>rd</sup> in Bagà. Otherwise, they may be collected during the following 15 days at Bagà's City Hall. Any bags remaining after this term will be disposed of.

**The Organization will be responsible for any lost drop bags, and will return the lost contents or their value to the runner, up to a maximal amount of 300€. It is recommended that the gear stored in the bags does not exceed this value.**

### **Article 8. SAFETY AND MEDICAL ASSISTANCE**

There will be several medical and safety teams coordinated with the national 112 emergency services by the central direction of the **Salomon Ultra Pirineu® 2021**, located in Bagà.

By default, these teams will be distributed among the different aid stations so runners may ask for assistance or help in case of need.

There will be mandatory medical examinations at some points along the course, which may be random or general.

Refusal by the runner to cooperate fully or being disrespectful with the medical personnel may result in immediate disqualification.

All participants will accept the medical decisions of the physicians and medical team, whose decision will prevail over all others. The physicians and caregivers may:

- Remove from the event any runner that they consider incapable of continuing, by invalidating their race bib number.
- Order the evacuation of any participant that they consider being in danger.
- If necessary, order the hospitalization of a runner.

**The race director will never question the judgment or decisions taken by the medical team. The Organization will not be liable for any consequence derived of the disobedience of the orders of the medical team by a runner.**

### **EMERGENCIES ALONG THE COURSE**

All runners have the obligation to provide assistance to other participants in need, according to their own capacities and knowledge. Not doing so implies committing a serious punishable offence of “non-assistance to a person in need”.

In the event that the runner or a running mate cannot reach the next aid station due to a medical emergency or any other kind of emergency, the following instructions must be followed (also printed on the back of the race bib):

- **If there is mobile network:** Dial the telephone number appearing on the back of the race bib, describe the situation and follow the instructions.
- **If there is NO mobile network:** Dial 112 and inform as follows:
  - You participate in the **Salomon Ultra Pirineu 100k® 2021**.
  - Your location (approximate).
  - Problem or medical emergency affecting you or your running mate.
  - Name and race bib number of the person affected (your own or that of your mate if you are assisting him/her)

It is important to consider that most of the course of the **Salomon Ultra Pirineu 100k® 2021** goes through remote areas only accessible by foot. This implies that the medical/rescue teams might take a long time, even hours, to bring aid or rescue in case of need. Therefore, the following instructions must be followed:

- Move to a point where there is mobile network, so you can be in permanent contact with the race director. Do so **ONLY IF IT IS POSSIBLE** and **NEVER LEAVING THE MARKED TRAIL**.
- Be accurate when describing the situation: different types of resources will be mobilized based on the information you provide when requesting assistance, so it is important that this information is as accurate as possible.
- Do **NOT** leave the marked trail; otherwise it would be very difficult to locate you.
- When planning your gear, you should prepare yourself for situations of very slow pace or even of long wait in adverse weather conditions.
- Always inform about any change occurring between the moment of the phone call and your location by aid teams.

## **Article 9. DROP OUT AND EVACUATION**

Participants may only drop out at aid stations, unless the runner is injured or hurt. Any runner who wishes to drop out must personally notify his/her decision to withdraw to the aid station supervisor (identified by a fluorescent vest), who will identify the runner and invalidate his/her race bib number.

Concerning the evacuation, the following points must be considered:

- Runners may drop out in any aid station, but only some of them will have vehicles available to evacuate runners who decide to drop out. These aid stations are indicated as **drop out points with transport**.
- The location of these **drop out points with transport** may be checked at the course map on the official web [www.ultrapirineu.com](http://www.ultrapirineu.com)
- In any case, the runner wishing to drop out must inform the aid station supervisor (identified by a fluorescent vest). The supervisor will identify the runner as dropout and indicate him/her where to wait for the next transport to Bagà (in case of **drop out points with transport**), or how to get to the closest **drop out point with transport**.

- Even if the dropout opts to get back to Bagà by own means (i.e. pick up by friends), he/she must inform about his/her intention to drop out. Otherwise the Organizers will consider the runner missing and activate the rescue alarm.
- If a runner decides to withdraw after a **drop out point with transport**, he/she must return to the point and notify the supervisor.
- If the runner cannot reach the next **drop out point with transport** by his/her own means, he/she can wait at the aid station until its closing time, and get back to Bagà with the transport available for the personnel of the aid station.
- If the race is completely or partially stopped due to bad weather conditions, the Organizer undertakes to evacuate all participants as soon as possible.

### **ASSESS YOUR STRENGTH**

When leaving an aid station, you must properly assess your strength and be aware of the distance to the next **drop out point with transport**. Do not attempt to continue if you are not sure of being able to get there.

Participants who bring their own personal assistance must keep in mind that the access to some aid stations may be closed due to bad weather or safety reasons. Updated information will be available on the web, Twitter and Facebook.

### **ACCIDENT INSURANCE**

In the event that the Organizer considers that a runner requires external emergency evacuation by ground or helicopter, the insurance of the runner will assume all financial obligations connected with this service. This insurance may be linked to Segurartic@-Catalana Occidente, or the official mountaineering federation card (FEEC or autonomic equivalent enabled by FEDME, UIAA, A.E.TRAIL, RFEA o ITRA) declared by the runner when registering; or the insurance purchased by the runner upon registration (in this case all procedures will be carried out by the Organizers).

**The Organizer is not responsible for any debts incurred due to the accident, for example in the event that the runner declared having a license that is not valid or inexistent.**

## **Article 10. MODIFICATIONS TO THE COURSE, CUT-OFF TIMES OR CANCELLATION OF THE EVENT**

In case of bad weather or force majeure, the Organizer has the right to suspend, neutralize or change the cut-off times and/or the course of the event.

### **(10.1) MODIFICATION TO THE COURSE / CUT-OFF TIMES AND NEUTRALIZATION / SUSPENSION**

During the week prior to the event, the Organizer may inform about potential changes affecting the course based on the weather forecasts. The final decision, however, will be announced during the pre-run briefing on Friday at the latest (check place and time on the program).

The Organizer may delay the start or neutralize or suspend the event if weather conditions on the day of the event are considered to put the runners in danger (such as electric storm, lack of visibility, abundant snow or ice, etc.).

If conditions do not improve after few hours, the Salomon Ultra Pirineu 100k® 2021 may be definitely suspended.

### **(10.2) CANCELLATION BEFORE THE DATE OF THE EVENT**

If the event is cancelled due to force majeure more than 7 days before the start date, the registration fees will be partially refunded. The amount refunded will depend on the date of the suspension and the amount that the Organizer has already spent on non-refundable costs.

If the event is cancelled for reasons beyond the Organizer's control within 7 days before the start of the Salomon Ultra Pirineu 100k® 2021, or if the event is suspended after having started, no registration fees will be reimbursed.

## **Article 11. PENALTIES AND COMPLAINTS**

## **(11.2) COMPLAINTS**

### **Complaints before the closing time of Salomon Ultra Pirineu 100k® 2021:**

Runners may file complaints while the **Salomon Ultra Pirineu 100k® 2021** is taking place. Complaints should be submitted in writing by filling a form available at the Casal de la Vila in Bagà. A 50€ deposit (in cash) must be paid to file a complaint. This deposit will be refunded if the complaint is accepted and resolved in favor of the runner.

Complaints may be filed until the closing time of **Salomon Ultra Pirineu 100k® 2021**. Their resolution may affect the provisional ranking and awarded runners.

All complaints will be studied and resolved by the ***jury of the competition***, composed by:

- **The race director**
- **The sports director**
- **Spartan Trail World Championship representative (in case the resolution may affect the Spartan Trail World Championship)**
- **The chrono manager (if needed)**
- **A runner randomly chosen and accepted by the parties**

No appeal may be filed against a resolution taken by the ***jury of the competition***.

These complaints will be resolved as soon as possible, within a maximum period of 7 days. If the resolution favors the runner, the 50€ deposit will be refunded and the penalty time will be deducted if appropriate, correcting the runner's position in the final ranking.
