# MITJA PIRINEU® 2019

The MITJA PIRINEU® 2019 is a mountain race with 19km and 630m of positive elevation gain, organized by Pangea Attitude and Mountain Runners Del Berguedà.

The event will take place on 5th of October 2019, with departure and arrival in Bellver de Cerdanya (Lleida).

MITJA PIRINEU® 2019 awards 1 qualifying point for Ultra-Trail du Mont-Blanc® (according to the new scoring system).

## Article 1. Requirements

Participants must meet the following requirements to take part in the event:

- The minimal age for taking part in the MITJA PIRINEU®2019 is 16 years reached during the year of the race (i.e. until 31 December 2019).
- Understand and accept these rules and regulations.
- Participants must be fully aware of the nature of the MITJA PIRINEU®2019 event. They must have the knowledge, expertise, equipment, and mental and physical preparation necessary to face and overcome possible problems related with endurance sports, and with the altitude, geography and natural environment in which the event takes place. Potential problems associated with this type of events are: fatigue, digestive problems, muscular and joint problems, contusions, minor injuries, cold temperatures, rain, snow, fog, heat... etc.
- To perform all registration steps correctly.
- To print, fill in and sign the document "Disclaimer and certificate of physical fitness", and to present it at the race-bib collection point in Bagà. This document can be downloaded from the web [www.ultrapirineu.com](http://www.ultrapirineu.com). In this document, the participants registered for the MITJA PIRINEU®2019 declare, among other things, that they take part in the event of their own free will and under their responsibility, and that they meet the necessary physical and health requirements to participate in an event of the characteristics of the MITJA PIRINEU®2019.
- Participants under 18 years old must print, fill in and sign the document « Authorization for minors» and present it at the race-bib collection point. This document can be downloaded from the web [www.ultrapirineu.com](http://www.ultrapirineu.com).
- The Organizer reserves the right to exclude from the MITJA PIRINEU®2019 (even before its start) those participants whose conduct obstructs the management and/or the smooth development of the event. Likewise, the Organizer reserves the right to admit participants who do not comply with some of the requirements under exceptional circumstances.
- In case of exclusion, the cost of the registration fee will be reimbursed if it has already been paid.
- Those participants who don't have a sports insurance that covers mountain accidents are required to process insurance, which will be limited to the two days of the race and will be processed by the Organization, with an extra cost for the participant of €5.

**IMPORTANT:** Participants who indicate in the registration that they have a sports insurance managed by one of the federations or private companies indicated in the registration form must first make sure that they include the mountain races activity at Catalonia, and that the insured capital covers at least the minimum benefits indicated in " Real Decreto 849/1993, de 4 de junio ", indicated below:

- Death by accident: 6.000€
- Permanent disability: 12.000€
- Healthcare: UNLIMITED (including transportation costs by medicalized or terrestrial helicopter).

## Article 2. Enrolment and cancellations

### (2.1) Limited admission

The MITJA PIRINEU®2019 has a maximum number of 1000 race slots, which can be purchased on the web [www.ultrapirineu.com](http://www.ultrapirineu.com) from February 5<sup>th</sup> until all places are sold out.

Registration for MITJA PIRINEU®2019 is direct (i.e. no pre-registration and lottery are involved). Registered candidates will automatically appear on the participants list upon completing the payment.

**FEE 33€ +IVA**

**THE REGISTRATION FEE INCLUDES:**

- T-shirt commemorative SALOMON for all the registered in the MITJA PIRINEU®2019.
- Participation in the MITJA PIRINEU®2019.

- Gift bag.
- Medical services and ambulance.
- Civil liability insurance.
- Official timekeeping and live following by Livetrail.
- Solid and liquid aid stations during the race and finishing point.
- Finisher medal exclusive MITJA PIRINEU®2019 for those runners that complete the race inside the time established by the Organization (4h).
- Trophies for the 1st, 2nd and 3rd of each categories.
- Cloackroom service in the finish area.
- Physiotherapist service in the finish area.
- Shower service in the finish area.

The Organizer reserves the right to increase or reduce the number of available places due to safety reasons or to any other cause that might affect the proper development of the event.

- Registration for MITJA PIRINEU®2019 will be made only by internet through the official website [www.ultrapirineu.com](http://www.ultrapirineu.com)
- Only credit card payments will be accepted. Bank transfer or cash payment will NOT be accepted.
- The candidate does not need to be the owner of the credit card used for the payment.
- If the registration is successfully completed, the name of the candidate will appear immediately in the participants list. The participant will receive an automatic confirmation email.
- Participants must keep this email as proof of payment. It will be necessary for the administrative procedures related to using their rights or purchased services.
- **Failure to receive this automatic email and/or failure to appear at the registered participants list soon after completing the registration procedure indicates that said procedure has not been successfully completed (even if the payment has been successful), or that incorrect contact information has been provided. In any of these cases, to solve the possible error the candidate should contact the Organization via email at [registration@ultrapirineu.com](mailto:registration@ultrapirineu.com).**
- **It is recommended to print the proof of payment from the bank, but it should be noted that the only valid document to prove registration is the automatic email that the runner will receive just after registering.**

To ensure the correct reception of emails from the Organizers and prevent any blocking or elimination by anti-spam services, registered participants should add the following email addresses to the contact lists of their email server:

- [registration@ultrapirineu.com](mailto:registration@ultrapirineu.com) (emails concerning registration and payments)
- [info@ultrapirineu.com](mailto:info@ultrapirineu.com) (emails concerning general information and news)

### **(2.2) Waiting list**

It will be possible to enter a waiting list once the maximum number of runners is reached. The first candidate on the waiting list will be contacted in case of vacancy.

### **(2.3) Fee refund policy**

All participants may cancel their registration and get a % fee refund **until August 31<sup>th</sup>**, when the registered participant lists are definitively closed. **No fee refund will be processed after this date.**

To cancel one's registration, the runner should send an email to [registration@ultrapirineu.com](mailto:registration@ultrapirineu.com) requesting the cancellation.

The % of fee refund will vary according to the date of the cancellation (decreasing 10% after each month), as described in the table below.

**\*5€ supplement: Participants may purchase a 5€ supplement during registration, to be entitled to higher fee refunds in case of cancellation.**

Year 2019	% OF FEE REFUND	
	WITHOUT SUPPLEMENT	WITH SUPPLEMENT (5€)*
February	80%	100%
March	70%	100%
April	60%	100%
May	50%	100%
June	40%	90%
July	30%	90%
August	20%	70%
From 31 <sup>th</sup> August	Cancellation not allowed	Cancellation not allowed

**IMPORTANT: CANCELLATIONS WILL BE ALWAYS SUBSTITUTED BY THE PERSON ON TOP OF THE WAITING LIST. RACE BIB TRANSFERS ARE NOT ALLOWED UNDER ANY CIRCUMSTANCES.**

Fee refunds will be made to the same credit card used to pay the registration fee.

### **Article 3. Race bib, gift bag and wristband**

#### **(3.1) Collection of race bib, chip and wristband**

Each participant must wear the race bib on the front of the body, on top of the clothing, and it must be easily visible at all times.

**Race bibs are personal and non-transferable.** By default, race bibs (and gift bags) will only be given to participants who have registered for the event. Participants must show an IDENTITY CARD, PASSPORT or NIE (Foreign Identification Number) to prove their identity in order to collect their race bib. The identity document must be the same used for registration.

#### **RACE BIB TRANSFERS ARE NOT ALLOWED UNDER ANY CIRCUMSTANCES.**

After the identity check, the personnel handing out the race bib will put a control wristband on the wrist of the participant. The participant must wear this wristband during the entire event. Together with the race bib, the wristband entitles access to all services available for participants: start area, aid stations, transport for dropouts, medical services... etc.

**Not wearing the wristband during the event entails disqualification.**

**Race bibs and gift bags will be collected at Bagà's Sports Hall ONLY on the date and time announced at the event's program published on the official website [www.ultrapirineu.com](http://www.ultrapirineu.com).**

**It won't be possible to collect the race bib on the day of the event before the start.**

#### **RACE BIB COLLECTION BY A PROXY**

If the race bib owner cannot personally collect the race bib, he/she may authorize a different person to collect it on his/her behalf. This person (the proxy) must provide the following documentation in order to collect the race bib:

- Original signed document "Authorization for race bib collection by a third person". By this document the race bib owner authorizes the proxy to collect the race bib on his/her behalf at Bagà. This document must be downloaded from the web [www.ultrapirineu.com](http://www.ultrapirineu.com), printed and signed by both parties (the race bib owner and the person who will collect the race bib).
- Disclaimer and certificate of physical fitness signed by the race bib owner (original signed document).
- Copy of the race bib owner's identity card, passport or NIE.
- Copy of the race bib owner's mountain federation card (unless he/she purchased the insurance available at registration).
- Original IDENTITY CARD, PASSPORT or NIE of the person who collects the race bib.
- In the case that the bib that has been collected is that of a runner under 18, he must be correctly filled and signed the document " Authorization for minors " in addition of the photocopies of the DNI of the minor (participant) and of the father/mother or guardian (person who signs the document).

**Note:** A special color wristband will be provided for participants who don't collect their race bibs personally, to facilitate identification by the Organizers. In this case, the participant must carry his/her IDENTITY CARD, PASSPORT or NIE during the event, to prove identity if requested.

### **(3.2) Race bib types and characteristics**

Race bibs provide the following information to runners and Organizers:

- **Race bib number:** each participant will get a race bib number, randomly assigned.
- **Name of participant:** race bibs may display the name of the participant.
- **Elevation profile:** the elevation profile of the course will be printed inverted at the bottom of each race bib, so the runner may easily check it.
- **On the back of the race bib:** The protocol in case of emergency will be printed on the back of the race bib, including the emergency telephone numbers. There will be a blank space where the runner may write information relevant for the medical personnel in case of emergency or loss of conscience. This information may be the RH blood type, or any relevant medical condition suffered by the participant such as allergies, AIDS, epilepsy, diabetes, celiac disease, etc.

### **The colour of your bib number and start groups**

The race start will take place at 08:00h from the Plaça Major of Bellver, and **access to start area will close at 07:50h. It will not be possible to access the start area after that time.**

All runners will get an BLUE RACE BIB with a BIB NUMBER (RED OR BLACK) that will determine the position of the runner in the start groups.

The bib number colour of each runner will be published on the web [www.ultrapirineu.com](http://www.ultrapirineu.com) on September 5<sup>th</sup>. The bib number colours will be assigned according to the following criteria:

- **Red number bib / First start group (front) / ELITE level + POPULAR-PRO level / between 100 and 150 runners**
  - A maximum of 150 red number bibs will be assigned.
  - Runners having finished Mitja Pirineu 18 within the cut off time that will be communicated on August 31<sup>st</sup>.
  - For runners who have NOT performed Mitja Pirineu 18, it will be taken into account that their ITRA score is above the cut that the organization will communicate on September 5<sup>th</sup>.
- **Black number bib / Second start group (back) / POPULAR level / all the rest of runners**

**The bib number colour of each runner will be published on September 5th, and a formal complaint period will be open between September 5th and September 12th.**

During the complaint period, runners who consider that the organization has assigned a wrong bib number colour may request a colour change by sending an email to [registration@ultrapirineu.com](mailto:registration@ultrapirineu.com). The email should include the reasons why the runner believes he/she deserves a particular bib number colour and proofs to justify it.

**THE RACE BIBS WILL BE PRINTED FROM SEPTEMBER 13th, SO THE BIB NUMBER COLOUR WILL BE DEFINITIVE AFTER THIS DATE. NO REQUESTS OF RACE BIB COLOUR CHANGE WILL BE ADMITTED AFTER SEPTEMBER 13th.**

### **Article 4. Certificate of physical fitness**

The act of registering for the MITJA PIRINEU®2019 entails the acceptance of its regulations by all participants. It also implies that the participant has the adequate preparation and that he/she is aware of the hard geographical and weather conditions one may encounter throughout its course. The participant also declares that he/she is physically and psychologically prepared to perform an activity of the characteristics of the MITJA PIRINEU®2019 and that he/she has passed the medical tests relevant to his/her age and physical conditions.

Registered participants understand that they participate in the event voluntarily and under their own responsibility. Thus, they exempt the Organizer from any liability and will not press any charges or file any liability claims against the Organizer, its collaborators, sponsors or other participants.

To this end, when collecting their race bib in Bagà, participants must submit the document “**Disclaimer and certificate of physical fitness**” duly printed and signed. This document will be read and accepted during the registration process, and each participant must print it, fill in and sign it.

A printable version of the document can be downloaded from the official website [www.ultrapirineu.com](http://www.ultrapirineu.com).

## Article 5. Required and recommended technical gear

Using the appropriate gear is essential to enjoy trainings and mountain races with maximal safety. When planning their gear, sky runners must consider all potential unexpected events that may happen in mountains, such as hypothermia due to slowing or stopping pace, overexertion, bad weather, fog, wind, low temperatures... etc.

There is a dedicated “required technical gear” section in the official web of SALOMON ULTRA PIRINEU®2019 exclusively aimed at explaining why some items are required and others recommended, as well as to clarify doubts about them.

**To run the race, all runners without exception must carry the items labeled as required from the list at the “equipment” section on the web [www.ultrapirineu.com](http://www.ultrapirineu.com), On Friday, October 4th, the Organization will inform if some of these items are finally NOT mandatory during a particular schedule and/or during the entire race. The decision will be taken according to the most recent weather forecast.**

Runners must either wear or carry the required material in their backpack.

**There will be general or random inspections of required clothing and equipment at any point throughout the course, from start to finish (both included). Not carrying a required item entails immediate disqualification.**

## Article 6. Checkpoints, aid stations and assistance

- Participants must follow the marked course without disobeying any signs and must stop at all checkpoints, located at aid stations.
- Besides the official checkpoints (announced on the web [www.ultrapirineu.com](http://www.ultrapirineu.com)), the Organization may set up “mobile” checkpoints to control pace or gear at any point of the course.
- Participants must respond to the requests and questions posed by a course steward, physician, nurse or aid station supervisor at checkpoints or at any other point throughout the race.
- **Tents and sport halls used as aid stations are restricted exclusively to the use of runners. No public or assistance crews may enter the aid stations.**
- Participants may use personal assistance only inside the ASSISTANCE AREAS, located within 50-100 meters around each aid station tent. The limits of the ASSISTANCE AREA will be properly marked along the course, with a sign of start/end of ASSISTANCE AREA clearly limiting where the area starts and finishes.
- The Organization may perform gear checks just before entering an ASSISTANCE AREA.
- Access by car to some aid stations may be blocked for safety reasons or poor state of the roads. The Organizers only guarantee access by car to those aid stations reachable by paved road, which will be duly indicated on the web of the event.
- Each aid station has a designated closing or cut-off time. Participants must reach all aid stations before their closing time to be able to continue on the race. The closing times will be published on the website [www.ultrapirineu.com](http://www.ultrapirineu.com).
- Aid stations will be supplied with liquids and solid food, which will vary according to the location on the course. The items available in each aid station may be checked at the web.
- Food and drinks must be ingested at the aid station, in sufficient amount to meet the energy requirements to reach the next aid station. Water can be loaded in the containers or hydration packs carried by the participants.
- Having a race bib and a wristband is required to get access to the aid stations.
- An area with warm food, medical assistance, massages, etc... will be enabled in Bellver for all participants.
- All runners (with the wristband) will have access to the showers set up at Bellver’s swimming pool facility.

## Article 7. Cloakroom service in Bellver

A cloakroom service will be available so that participants may leave there the gear that they wish to collect when arriving in Bellver (such as towel, soap, car keys... etc). They may leave this gear inside a bag or backpack not bigger than 20L.

Participants may leave their cloakroom bag on the day of the event (between 07:00h and 07:30h), at the enabled area at Bellver Sports Hall.

**The Organizer will not check the contents of the bags or whether they are properly closed. Therefore, the Organizer will not respond to any complaints about damage of bags or their contents, or for any loss of contents. It is recommended to not leave valuables or fragile material in the bags. Runners should ensure the bag remains closed at all times by reinforcing its closing (for example with a string or bridle).**

**BAGS AND LOST AND FORGOTTEN OBJECTS:** Runners must claim any bags or lost objects in Bellver until closing of MITJA PIRINEU®2019. Otherwise, they may be collected during the following 15 days in the place and time that will be indicated on the web. Any bags remaining after this term will be disposed of.

## **Article 8. Safety and medical assistance**

There will be several medical and safety teams coordinated with the national 112 emergency services by the central direction of the MITJA PIRINEU®2019.

By default, these teams will be distributed among the different aid stations so runners may ask for assistance or help in case of need.

There will be mandatory medical examinations at some points along the route, which may be random or general. Refusal by the runner to cooperate fully or being disrespectful with the medical personnel may result in immediate disqualification.

All participants will accept the medical decisions of the physicians and medical team, whose decision will prevail over all others. The physicians and caregivers may:

- Remove from the event any runner that they consider incapable of continuing, by invalidating their race bib number.
- Order the evacuation of any participant that they consider to be in danger.
- If necessary, order the hospitalization of a runner.

**The race director will never question the judgment or decisions taken by the medical team. The Organization will not be liable for any consequence derived of the disobedience of the orders of the medical team by a runner.**

### **EMERGENCIES ALONG THE COURSE**

All runners have the obligation to provide assistance to other participants in need, according to their own capacities and knowledge. Not doing so implies committing a serious punishable offence of “non-assistance to a person in need”.

In the event that the runner or a running mate cannot reach the next aid station due to a medical emergency or any other kind of emergency, the following instructions must be followed (also printed on the back of the race bib):

- **If there is mobile network:** Dial the telephone number appearing on the back of the race bib, describe the situation and follow the instructions.
- **If there is NO mobile network:** Dial 112 and inform as follows:
  - You participate in the MITJA PIRINEU®2019.
  - Your location (approximate).
  - Problem or medical emergency affecting you or your running mate.
  - Name and race bib number of the person affected (your own or that of your mate if you are assisting him/her)

It is important to consider that most of the course of the MITJA PIRINEU®2019 goes through remote areas only accessible by foot. This implies that the medical/rescue teams might take a long time, even hours, to bring aid or rescue in case of need. Therefore, the following instructions must be followed:

- Move to a point where there is mobile network, so you can be in permanent contact with the race director. Do so ONLY IF IT IS POSSIBLE and NEVER LEAVING THE MARKED TRAIL.
- Be accurate when describing the situation: different types of resources will be mobilized based on the information you provide when requesting assistance, so it is important that this information is as accurate as possible.
- Do NOT leave the marked trail; otherwise it would be very difficult to locate you.
- When planning your gear, you should prepare yourself for situations of very slow pace or even of long wait in adverse weather conditions.
- Always inform about any change occurring between the moment of the phone call and your location by aid teams.

## Article 9. Drop out and evacuation

Participants may only drop out at aid stations, unless the runner is injured or hurt.

Any runner who wishes to drop out must personally notify his/her decision to withdraw to the aid station supervisor (identified by a fluorescent vest), who will identify the runner and invalidate his/her race bib number.

Concerning the evacuation, the following points must be considered:

- Runners may drop out in any aid station, but only some of them will have vehicles available to evacuate runners who decide to drop out. These aid stations are indicated as **drop out points with transport**.
- The location of these **drop out points with transport** may be checked at the course map on the official web [www.ultrapirineu.com](http://www.ultrapirineu.com)
- In any case, the runner wishing to drop out must inform the aid station supervisor (identified by a fluorescent vest). The supervisor will identify the runner as dropout and indicate him/her where to wait for the next transport to Bellver (in case of **drop out points with transport**), or how to get to the closest **drop out point with transport**.
- Even if the dropout opts to get back by own means (i.e. pick up by friends), he/she must inform about his/her intention to drop out. Otherwise the Organizers will consider the runner missing and activate the rescue alarm.
- If a runner decides to withdraw after a **drop out point with transport**, he/she must return to the point and notify the supervisor.
- If the runner cannot reach the next **drop out point with transport** by his/her own means, he/she can wait at the aid station until its closing time, and get back with the transport available for the personnel of the aid station.
- If the race is completely or partially stopped due to bad weather conditions, the Organizer undertakes to evacuate all participants as soon as possible.

### ASSESS YOUR STRENGTH

When leaving an aid station, you must properly assess your strength and be aware of the distance to the next **drop out point with transport**. Do not attempt to continue if you are not sure of being able to get there.

Participants who bring their own personal assistance must keep in mind that the access to some aid stations may be closed due to bad weather or safety reasons. Updated information will be available on the web, Twitter and Facebook.

### ACCIDENT INSURANCE

In the event that the Organizer considers that a runner requires external emergency evacuation by ground or helicopter, the insurance of the runner will assume all financial obligations connected with this service. This insurance may be linked to Segurartic@-Catalana Occidente, or the official mountaineering federation card (FEEC or autonomic equivalent enabled by FEDME, ISF or UIAA, A.E.TRAIL, RFEA o ITRA) declared by the runner when registering; or the insurance purchased by the runner upon registration (in this case all procedures will be carried out by the Organizers).

**The Organizer is not responsible for any debts incurred due to the accident, for example in the event that the runner declared having a license that is not valid or inexistent.**

## Article 10. Modifications to the course, cut-off times or cancellation of the event

In case of bad weather or force majeure, the Organizer has the right to suspend, neutralize or change the cut-off times and/or the course of the event.

### (10.1) Modification to the course/cut-off times and neutralization/suspension

The Organizer may inform about potential changes affecting the course according to the weather forecasts during the week prior to the event.

The final decision, however, will be announced during the pre-run briefing on Friday 28<sup>th</sup> September published at the official social networks and web [www.ultrapirineu.com](http://www.ultrapirineu.com).

The Organizer may delay the start or neutralize or suspend the event if weather conditions on the day of the event are considered dangerous for the runners (such as electric storm, lack of visibility, abundant snow or ice, etc.).

If conditions do not improve after few hours, the MITJA PIRINEU®2019 will be definitely suspended.

## (10.2) Cancellation before the date of the event

If the event is cancelled due to force majeure more than 7 days before the start date, the registration fees will be partially refunded. The amount refunded will depend on the date of the suspension and the amount that the Organizer has already spent on non-refundable costs.

If the event is cancelled for reasons beyond the Organizer's control within 7 days before the start of the MITJA PIRINEU®2019, or if the event is suspended after having started, no registration fees will be refunded.

## Article 11. Penalties and complaints

In order to implement the rules and regulations that govern this event, the following persons will be authorized to apply penalties: course stewards, physicians, checkpoint supervisors and aid station supervisors.

The penalties, set out in the table below, will be applied immediately and at the same place where the offence is detected. Time penalties will be applied in the presence of the authorized person.

Failing to comply the penalty implies committing an offence of "disobeying the orders of the course stewards, aid station supervisors, physicians or nurses", penalized with disqualification.

### (11.1) Table of penalties

TYPE OF OFFENCE (High to low seriousness)	PENALTY
Failure to give assistance to a person in need	Disqualification and ban from entering any future edition of the event
Dropping out without immediately notifying the Organizer	Disqualification and ban from entering any future editions of the event
Transferring the race bib or chip to another person to run in place of the registered runner during part or the totality of the event; and/or providing false information to the Organizers.	Disqualification and ban from entering any future edition of the event (to the race bib owner)
Unsporting behavior towards other athletes or the Organizers	Disqualification
Disobeying the orders of the course stewards, aid station supervisors, physicians/nurses, or not permit an antidoping control and/or record a positive result.	Disqualification
Not having the mandatory equipment or refusal to cooperate during an inspection of equipment	Disqualification
Refusal to undergo a medical examination	Disqualification
Skipping a checkpoint	Disqualification
Littering or any behavior that may harm the natural environment	Disqualification
Not following the race course, shortening its distance	1 hour: 1st warning Disqualification: 2nd warning
Receiving personal assistance outside the area of 100m around aid stations.	15 minutes: 1st warning Disqualification: 2nd warning
Run for 100m or more accompanied by someone without a race bib who displays a clear intention to help the runner, outside the area of 100m around aid stations.	15 minutes: 1st warning Disqualification: 2nd warning
Not following the race course, although NOT shortening its distance or even increasing it	Penalty will be determined in a case by case basis

## **(11.2) Complaints**

### **Complaints before the closing time of MITJA PIRINEU®2019:**

Runners may file complaints while the MITJA PIRINEU®2019 is taking place. Complaints should be submitted in writing by filling a form available at the finish line in Bellver. A 50€ deposit (in cash) must be paid to file a complaint. This deposit will be refunded if the complaint is accepted and resolved in favor of the runner.

These complaints may be filed until the closing time of MITJA PIRINEU®2019. Their resolution may affect the provisional ranking and awarded runners.

All complaints will be studied and resolved by the **jury of the competition**, composed by:

- **The race director**
- **The sports director**
- **The chrono manager (if needed)**
- **A runner randomly chosen and accepted by the parties**

No appeal may be filed against a resolution taken by the **jury of the competition**.

These complaints will be resolved as soon as possible, within a maximum period of 7 days.

If the resolution favors the runner, the 50€ deposit will be refunded and the penalty time will be deducted, correcting the runner's position in the final ranking if appropriate.

### **Complaints after the MITJA PIRINEU®2019:**

No complaints will be accepted in situ after the closing time of the MITJA PIRINEU®2019. Any complaint after that time may be filed by email [info@ultrapirineu.com](mailto:info@ultrapirineu.com). Complaints will be accepted during a period of 15 days after the celebration of MITJA PIRINEU®2019.

To file a complaint, the email should include the following information about the affected runner:

- Name and surname.
- ID number.
- Club membership (if appropriate).
- Address.
- Race bib number
- Telephone number.
- Exposition of the facts.
- Request of the affected runner.
- Attached: any proof to support the complaint may be included here.

**Resolution of the complaints will be issued within 7 days after receiving the email.**

**NOTE: The email [info@ultrapirineu.com](mailto:info@ultrapirineu.com) will only accept complaints from affected runners. No comments, reports or any other types of complaints from NON-participants will be accepted.**

## **Article 12. Categories and prizes**

### **(12.1) Categories (male and female)**

- **General**
- **Promise (16 to 21 years reached during the reference year)**
- **Senior (22 to 39 years reached during the reference year)**
- **Veteran (40 or more years reached during the reference year)**

**NOTE: In all categories the age that is considered is the age the runner will have on 31 December of the reference year.**

### **(12.2) Prizes and trophies**

The top three finishers (men and women) of each category will receive an official trophy from organization.

### **Article 13. Lost and forgotten objects**
