- The candidate does not need to be the owner of the credit card used for the payment.
- If the registration is successfully completed, the name of the candidate will appear immediately in the participants list. The participant will receive an automatic confirmation email.

- Participants must keep this email as proof of payment. It will be necessary for the administrative procedures related to using their rights or purchased services.
- **Failure to receive this automatic email and/or failure to appear at the registered participants list soon after completing the registration procedure indicates that said procedure has not been successfully completed (even if the payment has been successful), or that incorrect contact information has been provided. In any of these cases, to solve the possible error the candidate should contact the Organization via email at registration@ultrapirineu.com.**
- It is recommended to print the proof of payment from the bank, but it should be noted that the only valid document to prove registration is the automatic email that the runner will receive just after registering.

To ensure the correct reception of emails from the Organizers and prevent any blocking or elimination by anti-spam services, registered participants should add the following email addresses to the contact lists of their email server:

- registration@ultrapirineu.com (emails concerning registration and payments)
- info@ultrapirineu.com (emails concerning general information and news)

(2.2) WAITING LIST

It will be possible to enter a waiting list once the maximum number of runners is reached. The first candidate on the waiting list will be contacted in case of vacancy.

(2.3) CHANGE OF DISTANCE

An inscribed runner can make a change of distance by sending an email to registration@ultrapirineu.com, provided there are places available for the distance that he wants to participate and that he does so before August 31.

To process the change of distance, the total amount of the inscription will be returned, minus €10 for bank and administration fees.

(2.4) CANCELLATIONS AND REFUND POLICY

All runners will be able to cancel their registration for justified reasons with the right to a 100% refund (minus 3€ for bank and administration fees) of the registration fee until the 15th of May.

As of May 16th, the % of the registration fee to be refunded will be reduced according to the table below.

On August 31st no refunds will be made.

It will be considered a justified cause, all those medical causes (or similar seriousness) that make it impossible for the participant to attend the race.

To unsubscribe you must send an email to registration@ultrapirineu.com requesting the cancellation, attaching a signed medical certificate confirming the contraindication to participate, or (if the cause is not medical) the official / legal documentation that corresponds to the alleged cause.

Supplement (8€): The participants who wish, will be able to opt for a supplement of 8€ (only during the registration), to have a 100% refund of the registration fee, in case of cancellation until August 31st.

Year 2021	% OF FEE REFUND	
	WITHOUT SUPPLEMENT	WITH SUPPLEMENT (8€)*
April	100% (-3€)	100%
From May 1 to May 15	100% (-3€)	100%
From May 16 to May 30	50%	100%
June	40%	100%
July	30%	100%
August	20%	100%
From 31 th August	Cancellation not allowed	Cancellation not allowed

IMPORTANT: CANCELLATIONS WILL BE ALWAYS SUBSTITUTED BY THE PERSON ON TOP OF THE WAITING LIST. RACE BIB TRANSFERS ARE NOT ALLOWED UNDER ANY CIRCUMSTANCES.

Fee refunds will be made to the same credit card used to pay the registration fee.

Article 3. THE RACE BIB

Each participant must wear the race bib on the front of the body, on top of the clothing, and it must be clearly visible at all times.

Race bibs are personal and non-transferable. By default, race bibs will only be given to participants who have registered for the event. Participants must show an IDENTITY CARD, PASSPORT or NIE (Foreign Identification Number) to prove their identity in order to collect their race bib. The identity document must be the same used for registration. Participants must also show the accidents insurance indicated during registration (except if they have purchased one from the Organization).

RACE BIB TRANSFERS ARE NOT ALLOWED UNDER ANY CIRCUMSTANCES.

(3.1) COLLECTION OF RACE BIB, CHIP, T-SHIRT AND WRISTBAND

Participants may collect their race bibs in the following places and times:

- **Bagà Sports Hall:** Friday October, 1st between 12:00h and 22:00h
- **Barcelona Salomon Store (Rambla Catalunya, 54):** Between September 3 and 17. IT WILL BE MANDATORY MAKE RESERVATION OF THE DATE AND HOUR. To make the reservation, the organization will send an email to all runners with a link to make the reservation online.

If the race bib is collected in Bagà: After the identity check, the personnel handing out the race bib will put a control wristband on the wrist of the participant. The participant must wear this wristband during the entire event. Together with the race bib, the wristband entitles access to all services available for participants: start area, aid stations, transport for dropouts, medical services... etc.

If the race bib is collected at the Barcelona Salomon Store: Runners collecting their race bib, chip and T-shirt in the Barcelona Salomon Store will get a wristband of a distinctive colour to allow easy identification by the Organizers. In this case, the participant must carry his/her IDENTITY CARD, PASSPORT or NIE during the event, to prove identity if requested during the event.

Not wearing the wristband during the event entails disqualification.

Race bibs will be collected on the date and time announced at the event's program published on the official website www.ultrapirineu.com.

It won't be possible to collect the race bib on the day of the event before the start.

RACE BIB COLLECTION BY A PROXY

If the race bib owner cannot personally collect the race bib on the places, dates and time provided in the program published on the official web of the event, he/she may authorize a different person to collect it on his/her behalf. This person (the proxy) must provide the following documentation in order to collect the race bib:

- One of the 3 COVID certificates described in Article 0
- Original signed document "Authorization for race bib collection by a third person". By this document the race bib owner authorizes the proxy to collect the race bib on his/her behalf. This document must be downloaded from the web www.ultrapirineu.com, printed and signed by both parties (the race bib owner and the person who will collect the race bib).
- "Informed consent" document signed by the race bib owner (original signed document).
- Copy of the race bib owner's identity card, passport or NIE.
- Copy of the race bib owner's mountain federation card (unless he/she purchased the insurance available at pre-registration).
- Original IDENTITY CARD, PASSPORT or NIE of the person who collects the race bib.
- In the case that the bib that has been collected is that of a runner under 18, he must be correctly filled and signed the document " Authorization for minors " in addition of the photocopies of the ID of the minor (participant) and of the father/mother or guardian (person who signs the document).

Note: A different colour wristband will be provided for participants who don't collect their race bibs personally, to facilitate identification by the Organizers. In this case, the participant must carry his/her IDENTITY CARD, PASSPORT or NIE during the event, to prove identity if requested.

(3.2) RACE BIB CHARACTERISTICS

Race bibs provide the following information to runners and Organizers:

- **Race bib number:** each participant will get a race bib number according to their ITRA performance index. This number will determine the participant start group.
- **Chip:** The race bib incorporates a chip that allows tracking of the runner.
- **On the back of the race bib:** The protocol in case of emergency will be printed on the back of the race bib, including the emergency telephone numbers. This side of the race bib will also have a blank space where the runner may write information relevant for the medical personnel in case of emergency or loss of conscience. This information may be the RH blood type, or any relevant medical condition suffered by the participant such as allergies, AIDS, epilepsy, diabetes, celiac disease, etc.

Article 4. INFORMED CONSENT

The act of registering for the Salomon Mitja Pirineu 21K® entails the acceptance of its regulations by all participants. It also implies that the participant has the adequate preparation to participate in the event.

Runners declare being aware of the hard geographical risks and extreme weather conditions one may encounter throughout its course in high mountain altitude. The participant also declares that he/she is physically and psychologically prepared to perform an activity of the characteristics of the Salomon

Mitja Pirineu 21k® and that he/she has passed the medical and effort tests relevant to his/her age and physical conditions.

Registered participants understand that they participate in the event voluntarily and under their own responsibility. Thus, they exempt the Organizer from any liability and will not press any charges or file any liability claims against the Organizer, its collaborators, sponsors or other participants.

To this end, when collecting their race bib in Bagà, participants must submit the document ***“Informed consent”*** duly printed and signed

A printable version of the document can be downloaded from the official website www.ultrapirineu.com.

If the ***“Informed consent”*** document is not printed and signed when the race bibs are handed out, the runner who owns the race bib must sign it "on the spot" when collecting the race bib.

Article 5. REQUIRED AND RECOMMENDED TECHNICAL GEAR

To run the race, all runners must carry the items labelled as “mandatory” in the web www.ultrapirineu.com. (Section of required technical gear).

On Friday October 1st, the Organization will inform if some of these items are finally NOT mandatory. The decision will be taken according to the most recent weather forecast.

IMPORTANT: All SUP races run in high altitude environments where the forecast is less accurate than in lower elevations, and where the weather is very unstable with sudden changes that can become extreme, such as intense heat, temperatures below 0°C, heavy rain, hail, snow, strong wind, dense fog, thunderstorms, etc.

The definitive list of mandatory and recommended minimum material that we will publish in the web on Friday, October 1, will be based on the latest weather forecast and therefore may be insufficient if forecast fails, or weather becomes unstable. Therefore, it is up to each participant to assess this mountain risk, and decide whether to bring more additional material for the benefit of their own safety.

ATTENTION: Due to COVID-19 there could be some variations in the required material.

To minimize lines, waits and material handling in indoor spaces, this year 2021 THE MATERIAL VERIFICATION SERVICE OF FRIDAY IS SUSPENDED.

Even so, the MATERIAL CONTROLS during the race will be performed as usual. So, it is very important that each participant check the list of material of the web www.ultrapirineu.com by clicking on the "more info" drop-down for each article, with details on the required characteristics.

Article 6. CHECKPOINTS, AID STATIONS AND ASSISTANCE

- Participants must follow the marked course without disobeying any signs and must stop at all checkpoints, located at aid stations.
- Besides the official checkpoints (announced on the web www.ultrapirineu.com), the Organization may set up “mobile” checkpoints to control pace or gear at any point of the course.
- Participants must respond to the requests and questions posed by a course steward, medical equipment or aid station supervisor at checkpoints or at any other point throughout the race.

- **Tents and sport halls used as aid stations are restricted exclusively to the use of runners. No public or assistance crews may enter the aid stations.**
- Participants may use personal assistance only inside the ASSISTANCE AREAS, located within 50-100 meters around each aid station tent. The limits of the ASSISTANCE AREA will be properly marked along the course, with a sign of start/end of ASSISTANCE AREA clearly limiting where the area starts and finishes.
- The Organization may perform gear checks just before entering an ASSISTANCE AREA.
- Access by car to some aid stations may be blocked for safety reasons or poor state of the roads. The Organizers only guarantee access by car to those aid stations reachable by paved road, which will be duly indicated on the web of the event.
- Each aid station has a designated closing or cut-off time. Participants must reach all aid stations before their closing time to be able to continue on the race. The closing times will be published on the website www.ultrapirineu.com.
- Aid stations will be supplied with products and isotonic beverages FINISHER, in addition to liquids and solid food, which will vary according to the location on the course. The items available in each aid station may be checked at the web.
- Food and drinks must be ingested at the aid station, in sufficient amount to meet the energy requirements to reach the next aid station. Water can be loaded in the containers or hydration packs carried by the participants.
- Having a race bib and a wristband is required to get access to the aid stations.
- An area with warm food, medical assistance, etc... will be enabled in Bellver for all participants.

Article 7. SAFETY AND MEDICAL ASSISTANCE

There will be several medical and safety teams coordinated with the national 112 emergency services by the central direction of the **Salomon Ultra Pirineu® 2021**, located in Bagà.

By default, these teams will be distributed among the different aid stations so runners may ask for assistance or help in case of need.

There will be mandatory medical examinations at some points along the course, which may be random or general.

Refusal by the runner to cooperate fully or being disrespectful with the medical personnel may result in immediate disqualification.

All participants will accept the medical decisions of the physicians and medical team, whose decision will prevail over all others. The physicians and caregivers may:

- Remove from the event any runner that they consider incapable of continuing, by invalidating their race bib number.
- Order the evacuation of any participant that they consider being in danger.
- If necessary, order the hospitalization of a runner.

The race director will never question the judgment or decisions taken by the medical team. The Organization will not be liable for any consequence derived of the disobedience of the orders of the medical team by a runner.

EMERGENCIES ALONG THE COURSE

All runners have the obligation to provide assistance to other participants in need, according to their own capacities and knowledge. Not doing so implies committing a serious punishable offence of “non-assistance to a person in need”.

In the event that the runner or a running mate cannot reach the next aid station due to a medical emergency or any other kind of emergency, the following instructions must be followed (also printed on the back of the race bib):

- **If there is mobile network:** Dial the telephone number appearing on the back of the race bib, describe the situation and follow the instructions.
- **If there is NO mobile network:** Dial 112 and inform as follows:
 - You participate in the **Salomon Mitja Pirineu 21k®**
 - Your location (approximate).
 - Problem or medical emergency affecting you or your running mate.
 - Name and race bib number of the person affected (your own or that of your mate if you are assisting him/her)

It is important to consider that most of the course of the **Salomon Mitja Pirineu 21k®** goes through remote areas only accessible by foot. This implies that the medical/rescue teams might take a long time, even hours, to bring aid or rescue in case of need. Therefore, the following instructions must be followed:

- Move to a point where there is mobile network, so you can be in permanent contact with the race director. Do so **ONLY IF IT IS POSSIBLE** and **NEVER LEAVING THE MARKED TRAIL**.
- Be accurate when describing the situation: different types of resources will be mobilized based on the information you provide when requesting assistance, so it is important that this information is as accurate as possible.
- Do **NOT** leave the marked trail; otherwise it would be very difficult to locate you.
- When planning your gear, you should prepare yourself for situations of very slow pace or even of long wait in adverse weather conditions.
- Always inform about any change occurring between the moment of the phone call and your location by aid teams.

Article 8. DROP OUT AND EVACUATION

Participants may only drop out at aid stations, unless the runner is injured or hurt.

Any runner who wishes to drop out must personally notify his/her decision to withdraw to the aid station supervisor (identified by a fluorescent vest), who will identify the runner and invalidate his/her race bib number.

Concerning the evacuation, the following points must be considered:

- Runners may drop out in any aid station, but only some of them will have vehicles available to evacuate runners who decide to drop out. These aid stations are indicated as **drop out points with transport**.
- The location of these **drop out points with transport** may be checked at the course map on the official web www.ultrapirineu.com
- In any case, the runner wishing to drop out must inform the aid station supervisor (identified by a fluorescent vest). The supervisor will identify the runner as dropout and indicate him/her where to wait for the next transport to Bagà (in case of **drop out points with transport**), or how to get to the closest **drop out point with transport**.
- Even if the dropout opts to get back to Bagà by own means (i.e. pick up by friends), he/she must inform about his/her intention to drop out. Otherwise the Organizers will consider the runner missing and activate the rescue alarm.

- If a runner decides to withdraw after a **drop out point with transport**, he/she must return to the point and notify the supervisor.
- If the runner cannot reach the next **drop out point with transport** by his/her own means, he/she can wait at the aid station until its closing time, and get back to Bagà with the transport available for the personnel of the aid station.

ASSESS YOUR STRENGTH

When leaving an aid station, you must properly assess your strength and be aware of the distance to the next **drop out point with transport**. Do not attempt to continue if you are not sure of being able to get there.

Participants who bring their own personal assistance must keep in mind that the access to some aid stations may be closed due to bad weather or safety reasons. Updated information will be available on the web www.ultrapirineu.com

ACCIDENT INSURANCE

In the event that the Organizer considers that a runner requires external emergency evacuation by ground or helicopter, the insurance of the runner will assume all financial obligations connected with this service. This insurance may be linked to Segurartic@-Catalana Occidente, or the official mountaineering federation card (FEEC or autonomic equivalent enabled by FEDME, UIAA, A.E.TRAIL, RFEA o ITRA) declared by the runner when registering; or the insurance purchased by the runner upon registration (in this case all procedures will be carried out by the Organizers).

The Organizer is not responsible for any debts incurred due to the accident, for example in the event that the runner declared having a license that is not valid or inexistent.

Article 9. MODIFICATIONS TO THE CUT-OFF TIMES OR CANCELLATION OF THE EVENT

In case of bad weather or force majeure, the Organizer has the right to suspend, neutralize or change the cut-off times of the event.

(9.1) MODIFICATION TO THE CUT-OFF TIMES AND NEUTRALIZATION / SUSPENSION

During the week prior to the event, the Organizer may inform about potential changes affecting the race based on the weather forecasts. The final decision, however, will be announced on Friday October 1st.

The Organizer may delay the start or neutralize or suspend the event if weather conditions on the day of the event are considered to put the runners in danger (such as electric storm, lack of visibility, abundant snow or ice, etc.).

If conditions do not improve after few hours, the **Salomon Mitja Pirineu 21k®** may be definitely suspended.

(9.2) CANCELLATION BEFORE THE DATE OF THE EVENT

If the event is cancelled due to force majeure more than 7 days before the start date, the registration fees will be partially refunded. The amount refunded will depend on the date of the suspension and the amount that the Organizer has already spent on non-refundable costs.

If the event is cancelled for reasons beyond the Organizer's control within 7 days before the start of the **Salomon Mitja Pirineu 21k®**, or if the event is suspended after having started, no registration fees will be reimbursed.

Article 10. PENALTIES AND COMPLAINTS

In order to implement the rules and regulations that govern this event, the following persons will be authorized to apply penalties: course stewards, physicians, checkpoint supervisors and aid station supervisors.

The penalties, set out in the table below, will be applied immediately and at the same place where the offence is detected. Time penalties will be applied in the presence of the authorized person.

Failing to comply the penalty implies committing an offence of “disobeying the orders of the course stewards, aid station supervisors, medical equipment”, penalized with disqualification.

(10.1) TABLE OF PENALTIES

TYPE OF OFFENCE (High to low seriousness)	PENALTY
Failure to give assistance to a person in need	Disqualification and ban from entering any future editions of the event
Dropping out without immediately notifying the Organizer	Disqualification and ban from entering any future editions of the event

Not following the race course, although NOT shortening its distance or even increasing it	Penalty will be determined in a case by case basis

(10.2) COMPLAINTS

Complaints before the closing time of Salomon Mitja Pirineu 21k@:

Runners may file complaints while the Salomon Mitja Pirineu 21k® is taking place. Complaints should be submitted in writing by filling a form available at the finish line in Bagà. A 50€ deposit (in cash) must be paid to file a complaint. This deposit will be refunded if the complaint is accepted and resolved in favor of the runner.

Complaints may be filed until the closing time of Salomon Mitja Pirineu 21k®. Their resolution may affect the provisional ranking and awarded runners.

All complaints will be studied and resolved by the *jury of the competition*, composed by:

- **The race director**
- **The sports director**
- **The chrono manager (if needed)**
- **A runner randomly chosen and accepted by the parties**

No appeal may be filed against a resolution taken by the *jury of the competition*.

These complaints will be resolved as soon as possible, within a maximum period of 7 days.

If the resolution favors the runner, the 50€ deposit will be refunded and the penalty time will be deducted if appropriate, correcting the runner's position in the final ranking.

Complaints after the Salomon Mitja Pirineu 21k®:

No complaints will be accepted in situ after the closing time of the **Salomon Mitja Pirineu 21k®**. Any complaint after that time may be filed by email to info@ultrapirineu.com. Complaints will be accepted during a period of 15 days after the celebration of the **Salomon Mitja Pirineu 21k®**.

To file a complaint, the email should include the following information about the affected runner:

- Name and surname.
- ID number.
- Club membership (if that's the case).
- Address.
- Race bib number
- Telephone number.
- Exposition of the facts.
- Request of the affected runner.
- Attached: any proof to support the complaint may be included here.

Resolution of the complaints will be issued within 7 days after receiving the email.

NOTE: The email info@ultrapirineu.com will only accept complaints from affected runners. No comments, reports or any other types of complaints will be accepted from persons not participating in the event.

Article 11. CATEGORIES AND TROPHIES

(11.1) Categories and trophies (male and female)

The first three finishers in each category will receive a trophy.

- **Overall ranking**
- **16 to 29 years reached during the reference year**
- **30 to 39 years reached during the reference year**
- **40 to 49 years reached during the reference year**

- 50 to 59 years reached during the reference year
- 60 or more years reached during the reference year

NOTES:

- In all categories the age that is considered is the age the runner will have on 31 December of 2021.
- For the purposes of awards, the runners awarded in the overall ranking, will not be awarded in their respective age categories, thus allowing more runners to access the podiums of the age categories.

Article 12. LOST AND FORGOTTEN OBJECTS

Lost and forgotten objects will be kept for 15 days after the race ends. The place and schedule for their recovery will be indicated on the web.

After the 15 days term, any requests from their owners will not be responded to.

Article 13. IMAGE RIGHTS

Image rights are recognized in Article 18.1 of the Spanish Constitution and regulated by Law 5/1982, of May 5th on the right to one's honor, personal and familiar privacy and to one's image; and also by the provisions of Organic Law 15/1999 of December 13th on Personal Data Protection.

Accepting the present regulations mandatorily involves that the participant authorizes Pangea Attitude SL and authorized entities to take photographs and filming their participation in **Salomon Ultra Pirineu® 2021**. In addition, the participant consents the publication, commercial and advertising exploitation of the images taken during **Salomon Ultra Pirineu® 2021** -including those images in which the participant is clearly identifiable- without any right of economical compensation for the participant. Images will not be used for any other purposes than those stated before.

Participants may exercise their rights to access, rectify, cancel or oppose their personal data in accordance with the Organic Law 15/1999 December 13th by sending an email to the address info@ultrapirineu.com.

Pangea Attitude owns all image rights of the event in exclusive. Any media or advertising projects using the image of **Salomon Ultra Pirineu® 2021** must be authorized by Pangea Attitude.

Article 14. MODIFICATIONS TO REGULATIONS

Registration for the event implies understanding and accepting the rules and regulations. The content of this regulation will be amended if is detected any error that could generate confusion to the participants.
