SALOMON MARATÓ PIRINEU 42k®2025

The Salomon Marató Pirineu 42k® with 42km and 2800m of positive difference, is pure sky Running, organized by Pangea Attitude and Mountain Runners del Berguedà.

The event will take place on October 4th 2025, with start and arrival in Bagà (Barcelona), with most of its route throughout the Natural Park of Cadí-Moixeró.

The Salomon Marató Pirineu 42k® scored by the ITRA performance index.

Article 0. NEW TO THIS EDITION

To facilitate the identification of new information concerning the current edition, we incorporate the text **“NEW 2025!”**, in front of each point or paragraph

If we include other news in the future, they will also be highlighted as **“NEW 2025!”**. If this happens, this version 1 of the regulations will become a new version 2.

ARTICLE 1. REQUIREMENTS

Participants must meet the following requirements to take part in the event:

- To be of legal age on the day of the event.
- To have all the documentation described in Article 3
- Understand and accept these rules and regulations.
- Participants must be fully aware of the nature of the Salomon Marató Pirineu 42k® event. They must have the knowledge, expertise, equipment, and mental and physical preparation necessary to face and overcome possible problems related with endurance sports, and with the altitude, geography and natural environment in which the event takes place. Potential problems associated with this type of events are: fatigue, digestive problems, muscular and joint problems, contusions, minor injuries, cold temperatures, rain, snow, fog, heat... etc.
- To perform all registration steps correctly.
- To print, fill in and sign the document “Informed consent”, and to present it at the race-bib collection point in Bagà. This document can be downloaded from the web www.ultrapirineu.com.
- The Organizer reserves the right to exclude from the Salomon Marató Pirineu 42k® (even before its start) those participants whose conduct obstructs the management and/or the smooth development of the event. Likewise, the Organizer reserves the

right to admit participants who do not comply with some of the requirements under exceptional circumstances.

- Those participants who don't have a sports insurance that covers mountain accidents are required to purchase an insurance limited to the two days of the race. The insurance will be processed by the Organization, with an extra cost for the participant of 8€.
- In case of exclusion, the cost of the registration fee will be reimbursed if it has already been paid.

IMPORTANT: Participants who indicate in the registration that they have a sports insurance managed by one of the federations or private companies indicated in the registration form must ensure that it includes mountain races activities in Catalonia, and that the insured capital covers at least the minimum benefits indicated in " Real Decreto 849/1993, de 4 de junio ", indicated below:

- Death by accident: 6.000€
- Permanent disability: 12.000€
- Healthcare: UNLIMITED (including transportation costs by medicalized or terrestrial helicopter).

For more details, check [**here**](#)

ARTICLE 2. ENROLMENT

Completing the registration implies the recognition and acceptance of this regulation.

The registrations will be direct and runners will appear on the list of participants, just after completing the payment.

The registration fee includes:

- Participation in the 2025 edition of Salomon Marató Pirineu 42k®.
- Exclusive commemorative shirt Salomon Ultra Pirineu® 2025.
- Civil liability insurance.
- Tracking of the route.
- Race-bib with integrated chip.
- Timing and direct tracking with the platform Livetrail for friends, family and accompanying persons.
- Central emergencies coordination service (CECOR)
- Access to the App LiveRun for all runners, with SOS system for emergencies.
- Exclusive medical team with capabilities for in-race assistance with vital support vehicles, 4x4 ambulances and mobile clinics.
- Physiotherapist service in Bagà.
- Solid and liquid aid stations during the race.

- Lunch at Bagà's Sport's Hall after finishing the race. The meal is exclusive for runners who will need to identify with the race bib to get into the area.
- Cloakroom service (Bagà's Sports hall).
- Shower service (Bagà's Sports hall).
- Finisher medal.
- Finisher diploma.
- Trophies and cash prizes for the top athletes (male/women) overall ranking (Total 7.000€).
- Trophies for the first three in each age category.
- Free photo report.
- Parking for cars, vans, and motorhomes.

NOTE: Runners may collect their articles such as t-shirts, medals and trophies at the places and times indicated in the program. The Organization will not send uncollected articles to a runner's address. At the end of the event all these articles will be recycled or donated to non-profit organizations.

The Organizer reserves the right to increase or reduce the number of available places due to safety reasons or to any other cause that might affect the proper development of the event.

- Registration for Salomon Marató Pirineu 42k® will be made only by internet through the official website www.ultrapirineu.com
- Only credit card payments will be accepted. Bank transfer or cash payment will NOT be accepted.
- The candidate does not need to be the owner of the credit card used for the payment.
- It is VERY IMPORTANT that, after having signed up, participants check their registration by [searching the list of participants](#)
- In parallel, participants will receive a confirmation email with the information of their registration

To ensure the correct reception of emails from the Organizers and prevent any blocking or elimination by anti-spam services, registered participants should add the following email addresses to the contact lists of their email server:

- registration@ultrapirineu.com (emails concerning registration and payments)
- info@ultrapirineu.com (emails concerning general information and news)

(2.1) WAITING LIST

Once all race slots have been filled, the waiting list will not open anymore.

Only in case of more cancellations than planned, the possibility of reopening momentarily the registrations will be considered.

(2.2) CHANGE OF DISTANCE

A registered participant may change to an **inferior distance** at no cost by sending an email to registration@ultrapirineu.com. The change will be possible if there are available slots in the distance sought and if the request is made **before 22th August**.

If a participant wishes to change to a superior distance, they will also need to pay for the price difference.

(2.3) CANCELLATIONS AND REFUND POLICY

All runners will be able to cancel their registration for justified reasons with the right to a 100% refund (minus 8€ for bank and administration fees) of the registration fee until May 31th.

As of June 1st, the % of the registration fee to be refunded will be reduced according to the table below.

From August 22th (date on which the registration lists will be definitively closed) **no refunds will be made.**

It will be considered a justified cause, all those medical causes (or similar seriousness) that make it impossible for the participant to attend the race.

To unsubscribe you must send an email to registration@ultrapirineu.com requesting the cancellation, attaching a signed medical certificate confirming the contraindication to participate, or (if the cause is not medical) the official / legal documentation that corresponds to the alleged cause.

Supplement (15€): The participants who wish, will be able to opt for a supplement of 15€ (only during the registration), to have a 100% refund of the registration fee, in case of cancellation until August 22th.

Year 2024/ 2025	% OF FEE REFUND	
	WITHOUT SUPPLEMENT	WITH SUPPLEMENT (15€)*
December	100% (-8€)	100%
January	100% (-8€)	100%
February	100% (-8€)	100%
Mars	100% (-8€)	100%
April	100% (-8€)	100%
May	100% (-8€)	100%
June	40%	100%
July	30%	100%
From 1st to 22th August	20%	100%
From 23th August	Cancellation not allowed	Cancellation not allowed

Fee refunds will be made to the same credit card used to pay the registration fee.

Article 3. THE RACE BIB COLLECTION

(3.1) THE RACE BIB

Each race bib is personal and non-transferable and only allows the participation in the 2025 edition of Salomon Marató Pirineu 42k, so race bib transfers to other runners are not allowed.

Participants must wear the race bib at the front of the body, over the clothing and clearly visible during all the race.

The race bib has a chip that allows the tracking of the runner.

At the back side of the race bib there is the emergency protocol and the telephone numbers to call in case of emergency. There will be a space left for the runner to write relevant information for the medical teams in case of emergency or loss of conscience, such as the blood group, Rh, allergies, HIV, epilepsy, diabetes, celiac disease or any other relevant medical condition.

(3.2) WHEN AND WHERE TO COLLECT THE RACE BIB

Race bibs may be collected at the following places and times:

- **Barcelona Salomon Store (Rambla Catalunya, 54, 08007 Barcelona):** During September (dates will be published on the web www.ultrapirineu.com). BOOKING WILL BE NEEDED TO

RESERVE DATE AND TIME FOR RACE BIB PICK UP AT THE STORE.
Participants will receive an email from the Organization with a link to make the online booking.

- **Bagà Sports Hall:** Friday 3th October between 12h and 22h.

IMPORTANT: It will not be possible to collect the race bib on the day of the event.

(3.3) NECESSARY DOCUMENTATION TO COLLECT THE RACE BIB

1. ID/PASSPORT
2. Informed Consent document printed and signed by the race bib owner. The Informed Consent document may be downloaded from the web www.ultrapirineu.com.
3. Accidents insurance card (private or federate) indicated during registration. Participants who purchased the insurance from the Organization during registration are exempt.

(3.4) IF THE RACE BIB OWNER CANNOT COLLECT THE RACE BIB IN PERSON

If the race bib owner cannot collect the race bib in person at the places, times and dates indicated in the program of the event, they may designate a person to collect it in their name. This person must attend the race bib collection with photocopies of the documents described in the previous section. The Informed Consent document must be completed and signed by the race bib owner.

Article 4. THE START

The race will start at 09:00h from the Plaça Porxada in Bagà. Access to the start area will be closed at **08:50h. It will not be possible to access the race start area after this time.**

RACE BIB NUMBER ASSIGNATION

Each runner will be assigned a race bib number according to their order of registration, except for elite runners (see article 13).

All the runners will access the start area in Plaça Porxada through any of the back streets (Carrer d'en Càlic or Mestre Elisard Sala).

Only the elite runners (see definition in article 13) will access the Plaça Porxada through the front street (Carrer Major) in order to access the front of the start area.

We recommend non-elite runners interested in making good timing to arrive early at the start area in order to situate at the front of the start.

Article 5. INFORMED CONSENT

The act of registering for the Salomon Marató Pirineu 42K® entails the acceptance of its regulations by all participants. It also implies that the participant has the adequate preparation to participate in the event.

Runners declare being aware of the hard geographical risks and extreme weather conditions one may encounter throughout its course in high mountain altitude. The participant also declares that they are physically and psychologically prepared to perform an activity of the characteristics of the Salomon Marató Pirineu 42K® and that they have passed the medical and effort tests relevant to their age and physical conditions.

Registered participants understand that they participate in the event voluntarily and under their own responsibility. Thus, they exempt the Organizer from any liability and will not press any charges or file any liability claims against the Organizer, its collaborators, sponsors or other participants.

To this end, when collecting their race bib in Bagà, participants must submit the document ***“Informed consent”*** duly printed and signed

A printable version of the document can be downloaded from the official website www.ultrapirineu.com.

Article 6. REQUIRED AND RECOMMENDED TECHNICAL GEAR

To run the race, all runners must carry the items labelled as “mandatory” in the web www.ultrapirineu.com. (Section of required technical gear).

On Friday October 3th, the Organization will inform if some of these items are finally NOT mandatory. The decision will be taken according to the most recent weather forecast.

IMPORTANT: All SUP races run in high altitude environments where the forecast is less accurate than in lower elevations, and where the weather is very unstable with sudden changes that can become

extreme, such as intense heat, temperatures below 0°C, heavy rain, hail, snow, strong wind, dense fog, thunderstorms, etc.

The definitive list of mandatory and recommended minimum material that we will publish in the web on Friday, October 3th, will be based on the latest weather forecast and therefore may be insufficient if forecast fails, or weather becomes unstable. **Therefore, it is up to each participant to assess this mountain risk, and decide whether to bring more additional material for the benefit of their own safety.**

It is very important that each participant check the list of material on the web www.ultrapirineu.com by clicking on the "more info" drop-down for each article, with details on the required characteristics.

Article 7. CHECKPOINTS, AID STATIONS AND ASSISTANCE

- Participants must follow the marked course without disobeying any signs and must stop at all checkpoints, located at aid stations.
- Besides the official checkpoints (announced on the web www.ultrapirineu.com), the Organization may set up "mobile" checkpoints to control pace or gear at any point of the course.
- Participants must respond to the requests and questions posed by a course steward, medical team or aid station supervisor at checkpoints or at any other point throughout the race.
- **Tents and sport halls used as aid stations are restricted exclusively to the use of runners. No public or assistance crews may enter the aid stations.**
- In order to avoid collapses on forest tracks and/or roads, participants will **ONLY** be allowed to receive external personal assistance. Each participant will be able to receive external personal assistance **EXCLUSIVELY** at those aid stations with easy access and designated parking: **Niu de l'Àliga (M2). In the rest of the aid stations, and at any point of the route, assistance will be PENALIZED as indicated by this regulations (see in article 12.1).**
- Participants **ONLY** may use personal assistance within 100 meters around Niu de l'Àliga.
- The Organization may perform gear checks just before entering an ASSISTANCE AREA.
- Access by car to some aid stations may be blocked for safety reasons or poor state of the roads. The Organizers only guarantee access by car to those aid stations reachable by paved road, which will be duly indicated on the web of the event.
- Each aid station has a designated closing or cut-off time. Participants must reach all aid stations before their closing time to be able to continue on the race. The closing times will be published on the website www.ultrapirineu.com.

- Aid stations will be supplied with products and isotonic beverages FINISHER, in addition to liquids and solid food, which will vary according to the location on the course.
- Food and drinks must be ingested at the aid station, in sufficient amount to meet the energy requirements to reach the next aid station. Water can be loaded in the containers or hydration packs carried by the participants.
- Having a race bib and a wristband is required to get access to the aid stations.
- An area with warm food, medical assistance, etc... will be enabled in Bagà for all participants.
- The web site will provide a detailed list of aid stations with information of their contents

Article 8. CLOAKROOM SERVICE IN BAGÀ

A permanent cloakroom service will be available so that participants may leave there the gear that they wish to have on their arrival at Bagà's Sports Hall (such as keys, towel, soap, mat, sleeping bag... etc). They may leave these items inside a bag or backpack not bigger than 20L.

Participants may leave their cloakroom bag at Bagà's Sports Hall before the start (between 08:00h and 08:30h).

The Organizer will not check the contents of the bags or whether they are properly closed. Therefore, the Organizer will not respond to any complaints about damage of bags or their contents, or for any loss of contents. It is recommended to not leave valuables or fragile material in the bags. Runners should ensure the bag remains closed at all times by reinforcing its closing (for example with a string or bridle).

BAGS AND LOST AND FORGOTTEN OBJECTS: Runners must claim any bags or lost objects in Bagà's Sports Hall until closing of Salomon Marató Pirineu 42k® 2025. Otherwise, they may be collected during the following 15 days in the place and time that will be indicated on the web. Any bags remaining after this term will be disposed of.

Article 9. SAFETY AND MEDICAL ASSISTANCE

There will be several medical and safety teams coordinated with the national 112 emergency services by the central direction of the **Salomon Ultra Pirineu® 2025**, located in Bagà.

By default, these teams will be distributed among the different aid stations so runners may ask for assistance or help in case of need.

There will be mandatory medical examinations at some points along the course, which may be random or general.

Refusal by the runner to cooperate fully or being disrespectful with the medical personnel may result in immediate disqualification.

All participants will accept the medical decisions of the physicians and medical team, whose decision will prevail over all others. The physicians and caregivers may:

- Remove from the event any runner that they consider incapable of continuing, by invalidating their race bib number.
- Order the evacuation of any participant that they consider being in danger.
- If necessary, order the hospitalization of a runner.

The race director will never question the judgment or decisions taken by the medical team. The Organization will not be liable for any consequence derived of the disobedience of the orders of the medical team by a runner.

EMERGENCIES ALONG THE COURSE

All runners have the obligation to provide assistance to other participants in need, according to their own capacities and knowledge. Not doing so implies committing a serious punishable offence of “non-assistance to a person in need”.

In the event that the runner or a running mate cannot reach the next aid station due to a medical emergency or any other kind of emergency, the following instructions must be followed (also printed on the back of the race bib):

- **If there is mobile network:** Dial the telephone number appearing on the back of the race bib, describe the situation and follow the instructions.
- **If there is NO mobile network:** Dial 112 and inform as follows:
 - You participate in the **Salomon Marató Pirineu 42k®**.
 - Your location (approximate).
 - Problem or medical emergency affecting you or your running mate.
 - Name and race bib number of the person affected (your own or that of your mate if you are assisting them)

It is important to consider that most of the course of the **Salomon Marató Pirineu 42k®** goes through remote areas only accessible by foot. This implies that the medical/rescue teams might take a long time, even hours, to bring aid or rescue in case of need. Therefore, the following instructions must be followed:

- Move to a point where there is mobile network, so you can be in permanent contact with the race director. Do so ONLY IF IT IS POSSIBLE and NEVER LEAVING THE MARKED TRAIL.
- Be accurate when describing the situation: different types of resources will be mobilized based on the information you provide when requesting assistance, so it is important that this information is as accurate as possible.
- Do NOT leave the marked trail; otherwise it would be very difficult to locate you.
- When planning your gear, you should prepare yourself for situations of very slow pace or even of long wait in adverse weather conditions.
- Always inform about any change occurring between the moment of the phone call and your location by aid teams.

Article 10. DROP OUT AND EVACUATION

Participants may only drop out at aid stations, unless the runner is injured or hurt.

Any runner who wishes to drop out must personally notify their decision to withdraw to the aid station supervisor (identified by a fluorescent vest), who will identify the runner and invalidate their race bib number. Concerning the evacuation, the following points must be considered:

- Runners may drop out in any aid station, but only some of them will have vehicles available to evacuate runners who decide to drop out. These aid stations are indicated as **drop out points with transport**.
- The location of these **drop out points with transport** may be checked at the course map on the official web www.ultrapirineu.com
- In any case, the runner wishing to drop out must inform the aid station supervisor (identified by a fluorescent vest). The supervisor will identify the runner as dropout and indicate them where to wait for the next transport to Bagà (in case of **drop out points with transport**), or how to get to the closest **drop out point with transport**.
- Even if the dropout opts to get back by own means (i.e. pick up by friends), they must inform about their intention to drop out. Otherwise the Organizers will consider the runner missing and activate the rescue alarm.
- If a runner decides to withdraw after a **drop out point with transport**, they must return to the point and notify the supervisor.
- If the runner cannot reach the next **drop out point with transport** by their own means, they can wait at the aid station until its closing time, and get back with the transport available for the personnel of the aid station.

ASSESS YOUR STRENGTH

When leaving an aid station, you must properly assess your strength and be aware of the distance to the next **drop out point with transport**. Do not attempt to continue if you are not sure of being able to get there. Participants who bring their own personal assistance must keep in mind that the access to some aid stations may be closed due to bad weather or safety reasons. Updated information will be available on the web www.ultrapirineu.com

ACCIDENT INSURANCE

In the event that the Organizer considers that a runner requires external emergency evacuation by ground or helicopter, the insurance of the runner will assume all financial obligations connected with this service. This insurance may be linked to the official mountaineering federation card (FEEC or autonomic equivalent enabled by FEDME, UIAA, A.E.TRAIL, RFEA o ITRA) declared by the runner when registering; or the insurance purchased by the runner upon registration (in this case all procedures will be carried out by the Organizers).

The Organizer is not responsible for any debts incurred due to the accident, for example in the event that the runner declared having a license that is not valid or inexistent.

Article 11. MODIFICATION OF THE ROUTE, SCHEDULES, PASSAGE TIMES, OR EVENT SUSPENSION

In the event of adverse weather conditions or other force majeure circumstances, the Organization reserves the right to suspend, neutralize, or modify the time slots and/or the route.

The final decision will be communicated via the website, social media, and email as soon as it is made, taking into account both the level of risk and the probability of certainty indicated by the weather forecast.

(11.1) ALTERNATIVE ROUTE AND SCHEDULE CHANGES

If the weather forecast indicates a risk situation in high-altitude areas, an alternative shorter route that passes through lower areas will be implemented, and the schedules will be adjusted accordingly.

(11.2) RACE NEUTRALIZATION AND DIVERSION

In mountain areas, weather forecasts may fail, and there is a possibility that a forecast with low risk probabilities could suddenly turn into a high-risk situation while the race is already underway.

In such a case, the race may be neutralized at the aid stations until the risk situation subsides, or the race may even be suspended, and participants evacuated.

It is also possible that participants may be diverted to descend on foot to the finish line, thereby shortening the route.

(11.3) RACE SUSPENSION

If the weather forecast indicates that even with schedule or route modifications the risk remains too high, the race will be canceled before the start.

(11.4) REFUNDS FOR RACE SUSPENSION

It should be noted that the organization of the ongoing race begins as soon as the previous edition concludes, and the associated expenses are covered by the income from registrations.

These expenses are allocated to employee salaries, the purchase of materials, and contracted services.

Therefore, in the event of race cancellation due to force majeure, the Organization will only be able to refund the portion of the registration fee corresponding to the amount that has not yet been spent at the time of cancellation.

The refund amount will depend on the timing of the cancellation. As a reference, the following percentages of the registration fee may be refunded based on the dates:

70%: December

60%: March 1

40%: June 1

20%: September 1

0%: 10 days before the race

Refunds will be issued to the same credit card used for the registration payment.

TRANSFER OF REGISTRATION TO THE NEXT EDITION

This option is not possible, as it would effectively amount to a 100% refund carried forward to the next edition, which would render it economically unfeasible.

Article 12. PENALTIES AND COMPLAINTS

In order to implement the rules and regulations that govern this event, the following persons will be authorized to apply penalties: course stewards, physicians, checkpoint supervisors and aid station supervisors.

The penalties, set out in the table below, will be applied immediately and at the same place where the offence is detected. Time penalties will be applied in the presence of the authorized person.

Failing to comply the penalty implies committing an offence of “disobeying the orders of the course stewards, aid station supervisor or medical equipment”, penalized with disqualification.

(12.1) Table of penalties

TYPE OF OFFENCE (High to low seriousness)	PENALTY
Failure to give assistance to a person in need	Disqualification and ban from entering any future edition of the event
Dropping out without immediately notifying the Organizer	Disqualification and ban from entering any future editions of the event
Transferring the race bib or chip to another person to run in place of the registered runner during part or the totality of the event; and/or providing false information to the Organizers.	Disqualification and ban from entering any future edition of the event (to the race bib owner)
Unsporting behavior towards other athletes or the Organizers	Disqualification
Disobeying the orders of the course stewards, aid station supervisors, medical team or not allowing an antidoping control and/or record a positive result.	Disqualification
Not having the mandatory equipment or refusal to cooperate during an inspection of equipment	Disqualification
Refusal to undergo a medical examination	Disqualification
Refusal to undergo an antidoping test	Disqualification
Skipping a checkpoint	Disqualification
Littering or any behavior that may harm the natural environment	Disqualification
Not following the race course, shortening its distance	1 hour: 1st warning Disqualification: 2nd warning
Receive external personal assistance at any point of the race or refreshments, which is not one of the authorized in article 7.	15 minutes: 1st warning Disqualification: 2nd warning
Run for 100m or more accompanied by someone without a race bib who displays a clear intention to help the runner, outside the area of 100m around aid stations.	15 minutes: 1st warning Disqualification: 2nd warning
Not following the race course, although NOT shortening its distance or even increasing it	Penalty will be determined in a case by case basis

(12.2) COMPLAINTS

Complaints before the closing time of Salomon Marató Pirineu 42k®:

Runners may file complaints while the Salomon Marató Pirineu 42k® is taking place. Complaints should be submitted in writing by filling a form available at the finish line in Bagà. A 50€ deposit (in cash) must be paid to file a complaint. This deposit will be refunded if the complaint is accepted and resolved in favor of the runner.

These complaints may be filed until the closing time of Salomon Marató Pirineu 42k®. Their resolution may affect the provisional ranking and awarded runners.

All complaints will be studied and resolved by the ***jury of the competition***, composed by:

- **The race director**
- **The sports director**
- **The chrono manager (if needed)**
- **A runner randomly chosen and accepted by the parties**

No appeal may be filed against a resolution taken by the ***jury of the competition***.

These complaints will be resolved as soon as possible, within a maximum period of 7 days.

If the resolution favors the runner, the 50€ deposit will be refunded and the penalty time will be deducted, correcting the runner's position in the final ranking if appropriate.

Complaints after the Salomon Marató Pirineu 42k®:

No complaints will be accepted in situ after the closing time of the Salomon Marató Pirineu 42k®. Any complaint after that time may be filed by email info@ultrapirineu.com. Complaints will be accepted during a period of 15 days after the celebration of Salomon Marató Pirineu 42k®.

To file a complaint, the email should include the following information about the affected runner:

- Name and surname.
- ID number.
- Club membership (if appropriate).
- Address.
- Race bib number
- Telephone number.
- Exposition of the facts.
- Request of the affected runner.

- Attached: any proof to support the complaint may be included here.

Resolution of the complaints will be issued within 7 days after receiving the email.

NOTE: The email info@ultrapirineu.com will only accept complaints from affected runners. No comments, reports or any other types of complaints from NON-participants will be accepted.

Article 13. ELITE RUNNERS

Free slots

The Organization reserves free race slots for elite runners. The criteria to distinguish a runner as an elite runner is their **performance index at the moment of the registration (Male ≥ 850 / Female ≥ 700)**, or having ranked among the top 3 in one of the 3 previous editions of the Salomon Marató Pirineu.

The colour of the race bib number of these runners is red, and they will access to the starting line from "Carrer Major" to be in front.

Warranted Slots (not free)

The Organization also reserves warranted race slots (not free) for runners with **an performance index (Male ≥ 775 / Female ≥ 625)**.

The colour of the race bib number of these runners is black, so they will access to the starting line from the same accesses of the rest of the runners (read article 4).

In addition, elite runners must comply with the “minimal requirements of participants” according to Article 1 of the regulations in order to complete their registration.

Any application to obtain a registration must be presented by email at **registration@ultrapirineu.com** before August 23th.

LIVE TV

In order to ensure an optimal streaming experience, it's possible that some elite runners may need to carry a GPS device or a dual bib (in the front and another in the back).

Article 14. CATEGORIES, PRIZES AND TROPHIES

(14.1) OVERALL RANKING (MALE AND FEMALE)

Organization will distribute trophies and cash prize for the top overall finishers.

Ranking Overall Male	Prize (€)	Ranking Overall Female	Prize (€)
1º	2.000€	1º	2.000€
2º	1.000€	2º	1.000€
3º	500€	3º	500€

In addition, the top 5 of the overall ranking will be awarded with a free registration to Salomon Marató Pirineu 42k 2026.

NOTES:

- **The corresponding tax withholding will be applied to all the premises.**
- **Not being present at the prize-giving ceremony means losing the trophy and the corresponding amount in cash.**
- **For the purposes of awards, the runners awarded in the overall ranking, will not be awarded in their respective age categories, thus allowing more runners to access the podiums of the age categories.**
- **To rule out possible WADA claims (World Anti-Doping Agency), the payment of cash prizes will be made 90 days after the end of the event.**

(14.2) AGE CATEGORIES (MALE AND FEMALE)

The first three finishers in each category will receive a trophy.

- **Senior (18 to 39 years reached during the reference year)**
- **Veteran (40 to 49 years reached during the reference year)**
- **Master (50 or more years reached during the reference year)**
- **Super Master (60 or more years reached during the reference year)**

NOTES:

- **In all categories the age that is considered is the age the runner will have on 31 December of 2025.**
- **For the purposes of awards, the runners awarded in the overall ranking, will not be awarded in their respective age categories, thus allowing more runners to access the podiums of the age categories.**
